Fonts of Inspiration

Christ University is dedicated to Christ, the teacher par excellence. He is our supreme guru and inspiration. He is our guiding light. He is our model of Excellence and Service.

Jesus Christ - The Guiding Light

Blessed Chavara

Blessed Kuriakose Elias Chavara, the founder of the religious congregation, Carmelites of Mary Immaculate (CMI) is our source of inspiration as the seminal influence of his vision and dreams permeates through our activities even today.

Our History

Christ University blossomed out of the educational vision of Carmelites of Mary Immaculate (CMI). Blessed Kuriakose Elias Chavara founded this congregation in 1831. Blessed Chavara was a great educationist and a social reformer of the 19th century.

Christ University was formerly established in July 1969 as Christ College under Bangalore University. UGC conferred Autonomy to Christ College (No. F.13 -1/2004) on October 7, 2004. It became the first college in South India to be reaccredited with A+ by National Assessment and Accreditation Council (NAAC) in May 2005. UGC identified it as an Institution with Potential for Excellence in June 2006. Under Section 3 of the UGC Act, 1956, Ministry of Human Resources Development of the Union Government of India, vide Notification No.F.9-34/2007-U.3 (A), declared Christ College as a Deemed to be University, in the name and style of Christ University on July 22, 2008.

Christ University is rooted in Gospel values and is committed to provide Holistic education through the development of intellectual competence, personal skills, inter-personal skills and societal skills. The University offers undergraduate and postgraduate courses in Humanities and Social Sciences, Pure Sciences, Commerce and Management, Law, Education as well as Engineering. Students from all over the country are admitted at Christ University in an environment of religious harmony and secularism.

Vision

Excellence and Service

Christ University, a premier educational institution, is an academic fraternity of individuals dedicated to the motto of Excellence and Service. We strive to reach out to the star of perfection through an earnest academic pursuit for 'Excellence' and our efforts blossom into 'Service' through our creative and empathetic involvement in society to transform it.

Mission

Christ University is a nurturing ground for an individual's holistic development to make effective contribution to the society in a dynamic environment.

The holistic development of an individual is attained through academic excellence, professional competence, personal, interpersonal and societal skills. The university is committed to its mission and vision in all its endeavours. Holistic development involves our participation in our national dreams and aspirations and our dedication to promote national integration and religious harmony.

Core Values

- *Faith in God*
- *Moral Uprightness*
- *Love of Fellow Beings*
- *Social Responsibility*
- *Pursuit of Excellence*

Neil Armstrong's "One small step for man, a giant leap for mankind", perhaps best describes the theme 'Progression', as represented in the pages of Christite 2011.

Forty odd years ago the CMI fathers envisioned an educational institution that would light the spark of knowledge. Cut to 2011, what began as a small endeavour is a teeming force to reckon with today. From college to an autonomous entity to a university- the shift has been systematic, planned and an expected one, carrying with it the collective hopes and aspirations of many. New people, new ideas, new departments, new courses and a host of young faces brimming with enthusiasm to go forward, exemplifying the Christite philosophy 'March On'.

The government of India incidentally calls this year as the year of India Ahead. It comes as no surprise that be it governments or educational institutions a forward change in an organisation's growth is to be lauded and feted in writing. Christite 2011 maps a slice of all this in the following pages.

The butterfly counts not months but moments, and has time enough.

Chancellor's Message

The theme of this year's annual souvenir of Christ University is Progress. Progress in general can be characterized as a movement of a person, organization, institution, thing or event to a higher level; or to a better ambiance; or towards a superior goal. Thus progress in history, for example, would mean that the world becomes better in terms of the standard of living, quality of life, societal organization, social institutions, liberty, modernization, science, technology, etc.

Progress of a person means that he/she becomes a better human being, an enhanced person before God, before his/her fellow humans and before himself/herself. A better human being is the one who harmoniously blends in his/her life with personal integrity, healthy interpersonal rapport, social responsibility and a symbiotic relationship with nature; the one who pursues to excel in knowledge and wisdom with a passion for common good and faith in the supreme Being. The oft-quoted sentence of St. Irenaus, who, according to tradition, died in 202 as Martyr in Asia Minor, *Homo vivens dei Gloria*, "God's glory is man, fully alive" is relevant here. The message is clear. God is really glorified when the humans celebrate their life fully, dynamically and enthusiastically. Humans need to develop their capabilities, God-given talents, natural gifts, mental faculties and cultural aptitudes fully and radically. They should unfold their humanity fully and blossom into complete and wholesome human beings. God in his inscrutable providence bestows on humans the intellectual, mental and physical gifts and abilities in varying intensities and degrees. But each one has the responsibility to develop these gifts to the fullest, joyfully celebrate life on earth and progress into becoming a good human being. If this happens God is really glorified. On the contrary if a man/woman mismanages his/her life, develops negative attitudes and aptitudes, and thus makes his/her life barren, sterile and desolate, God becomes unhappy, and he/she turns out to be a burden to himself/herself, a sign of negativity, pessimism and despondency to others.

Existentialists say that there are two types of persons: persons of being and persons of having. Persons of being are those who possess a solid character anchored in moral values and spiritual principles, whose lives revolve around an intelligently ordered value system, who are noble in deeds and words, who hold fast to their convictions and worldviews in all circumstances and who always have a positive vision of life. They stand near to the *sthita-prajna* of the Gita (II.54-72). Persons of having, on the other hand, are those who possess material objects and values, whose lives revolve around these material possessions and who take pride in being endowed with mundane riches and resources.

Progress in life, therefore, means that we become persons who give glory to God, happiness to fellow human beings, and protection to nature. It also means that we become persons of being.

Dr. (Fr.) Augustine Thottakara, CMI

Rector, Dharmaram

Chancellor, Christ University

A HEARTY WELCOME TO THE NEW CHANCELLOR

The flower of gratitude blooms in every heart at Christ University for our Chancellor, Rev. Dr. Fr. Augustine Thottakara, who has led us in our successful journey through the years of transition, and has also, inspired us in this venture into "Progressions" with pride and dignity. And now, as he hands over charge to our new Chancellor, we welcome Rev. Dr. Fr. Thomas Aykara, our leader in the coming years.

Born on January 23, 1936, Rev. Dr. Fr. Thomas Aykara, completed his Licentiate (MA) in Theology from Jnana-Deepa Vidya Peeth, Pune; doctorate in German Philosophy from Catholic University, Louvain (1966-70); and doctorate in Theology and Comparative Religion from the University of Oxford (1970-74). His vision and contribution to the world of Theology and Spirituality, in more than forty five years spent in the service of God, is immense and is greatly reflected in his sensing the value of world religions; his faith in the plurality of religions; his keen observance and understanding of the power of meditation in the relationship between man and God; and in his belief in the integration of humility and holiness.

As an administrator he has taken up many important responsibilities like Prior General and Provincial of CMI Congregation, President of Dharmaram Vidya Kshetram, Chairman of Deepika (Malayalam Daily) etc. In his career as an academician, spanning several years, the Reverend has established many training centres for the religious as well as the lay people and has held various important positions at and has been associated with different organisations such as, Dharmaram Vidya Kshetram in Bangalore, Darsana Institute of Philosophy in Wardha, Centre for Spiritual Realisation in Pariyaram, Poornodaya Training Centre in Bhopal, Centre for the Study of World Religions and Chavara Institute of Indian and Inter-religious Studies (CIIS) in Rome.

An indelible part of the intellectual consciousness of many of his contemporaries, Rev. Dr. Fr. Aykara, has also been the editor of magazines and newsletters like the 'Journal of Dharma' in Bangalore, 'Third Millennium' in Rajkot and 'Jeevadhara' in Kottayam. The books he has authored, including, 'Meeting of Religions: New Orientations and Perspectives', 'Living Flame', 'Cosmic Consciousness: A Study of Teilhard de Chardin and Sri Aurobindo' and 'A Missiology for Third Millenium', have been a source of knowledge, wisdom and inspiration to many readers.

We hereby extend a hearty welcome to Rev. Dr. Fr. Thomas Aykara, the new Chancellor of our University, and eagerly look forward to his leadership while we are all set to move towards greater heights and farther destinations of academic excellence and intellectual glory.

Vice-Chancellor's Message

Heraclitus, the ancient Greek philosopher perceived that "becoming" was the first principle of being (existence) and everything was in a state of flux. If "becoming" were to cease then all things including being would cease. At Christ University, we live this perception, and are involved in an eternal process of evolution, progression.

As a University, we have changed and evolved across time. We have never been stagnant. We have recognised the 'first principle' of existence as the process of 'becoming' and striven to achieve it in every walk. This year the intra-deanery cultural festival Blossoms, the prelude to InBloom saw dedicated and involved participation from every student and teacher of the University. The research based academic culture was made vibrant and dynamic by various major and minor research projects taken up by faculty, often with the able assistance of our students. Innovative reforms in the curricula across disciplines took into consideration the diverse and multi- dimensional potential of our students. Creative "digital native" friendly pedagogy adopted in classrooms made learning effective and comprehensive, backed by inventive continuous internal assessments conducted with the students.

In the last year the University has seen tremendous evolution. We have made good the promises with which we began the academic year in terms of research, curriculum and pedagogy. In the last three years since we became a University, we are 'becoming' almost on a daily basis. In the next year or so we aim at 'becoming' the most sought after University not just nationally but also internationally. We aim to achieve this through futuristic emphasis on multi-disciplinary research, innovative curriculum and creative pedagogical practices that take into consideration the capabilities of the students as "digital natives" and the teachers as "digital immigrants" and bridging the gap between these. Progression is not something we look forward to happening, we make it happen. Evolution is not a dream, but an evolving ever developing reality.

Here, at Christ University progression is not a utopia, we live it!

Dr. (Fr.) Thomas C Mathew
Vice Chancellor , Christ University

From the Registrar's desk...

"Every day you may make progress. Every step may be fruitful. Yet there will stretch out before you an ever-lengthening, ever-ascending, ever-improving path. You know you will never get to the end of the journey. But this, so far from discouraging, only adds to the joy and glory of the climb." Sir Winston Churchill

With this spirit Christ University treads the road to progress. Established in July 1969, Christ University became the most preferred educational institution in Bangalore within the first three decades. From 1990 onwards it scaled greater heights. By the introduction of innovative and modern curriculum, insistence on academic discipline, imparting of Holistic Education and with the help of the creative and dedicated staff, Christ University has been consistently rated among the top 10 educational institutions of the country. It has the rare distinction of being the first institution in Karnataka to be accredited by the National Assessment and Accreditation Council (NAAC), UGC for quality education.

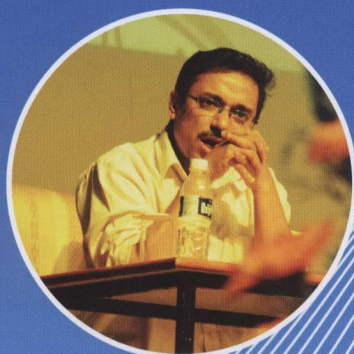

Education prepares one to face the challenges of life by bringing out the best in him/her. If this is well accepted, education should be relevant to the needs of the time and address the problems of the day. Being inspired by Blessed Kuriakose Elias Chavara, the founder of Carmelites of Mary Immaculate and a pioneer in innovative education, Christ University is proactive in defining and redefining its mission and strategies, reading the signs of the time.

Progress is the mantra that resounds in the air and every niche in the campus pulsates with this rhythm. Over the years there has been considerable progress and the entire fraternity works towards the realization of the vision and mission of the University. The faculty members of the University have published 23 books and 131 research papers in reputed national and international journals. During the reporting year, 140 national and international seminars/ conferences/ symposia/ workshops were attended by the faculty members. 135 paper presentations were made by them in various national and international seminars/ conferences/ symposia/ workshops.

The students also contributed to the curricular, co-curricular and extra-curricular activities both in and outside the campus. Participating and involving in myriad activities has always been the nature of every Christite. With 341 teaching staff and 8644 students, the University is all set to progress. The pages ahead will open up a record of progress from all dimensions of the University.

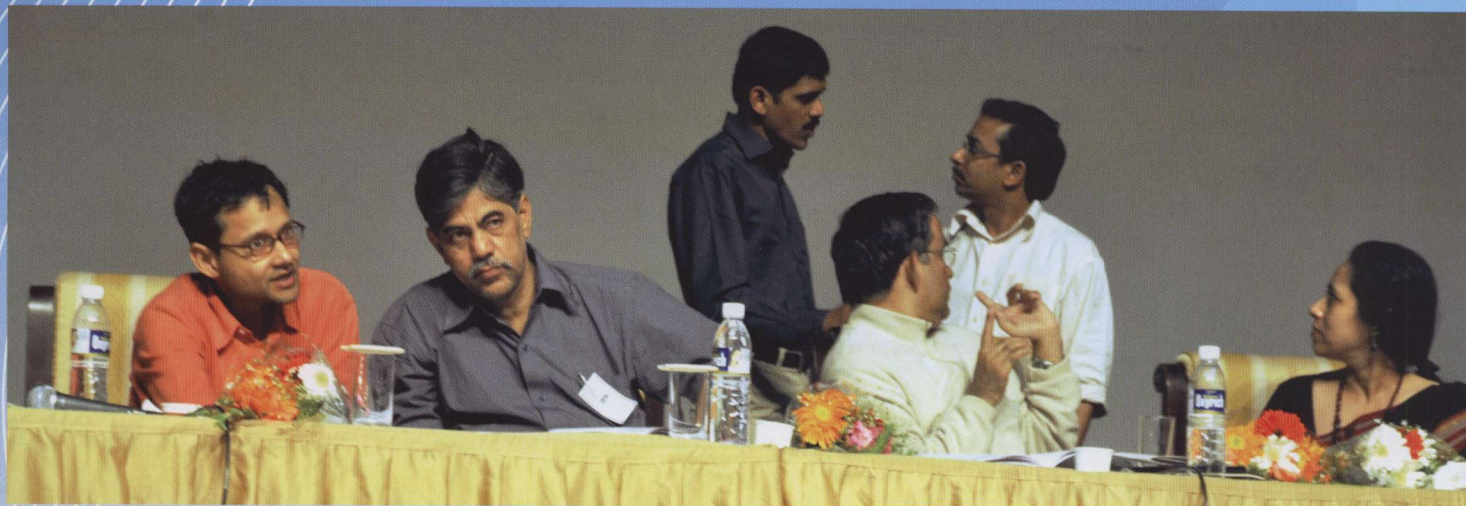

Prof. J. Subramanian
Registrar, Christ University

English

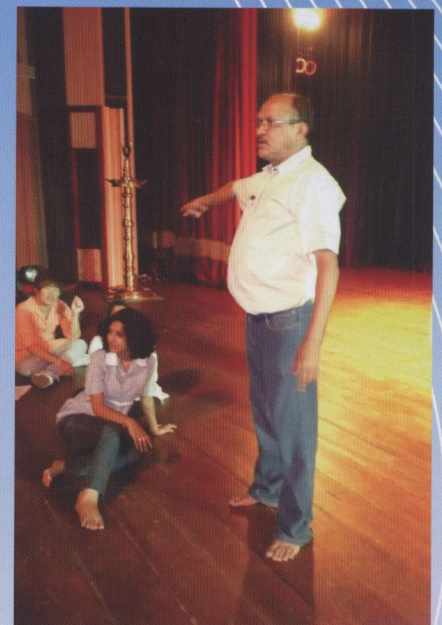

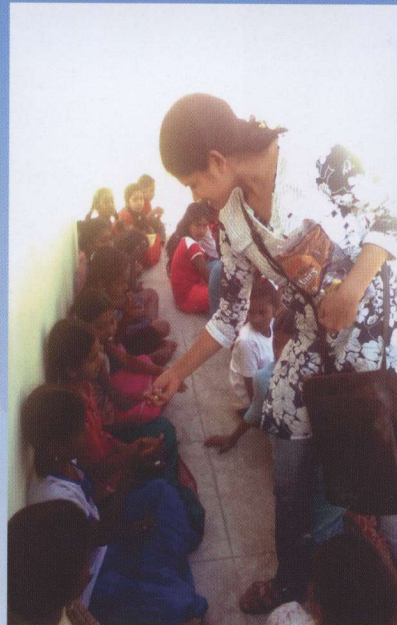

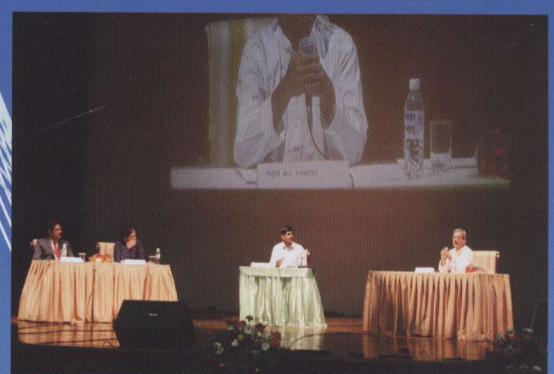

The Department of English has always been a beehive of activity, with plentiful opportunities for knowledge negotiations. Here is a list of activities the department conducted.

- Three-day literary theory workshop conducted by Professor Etienne Rassendran
- Two-day Theatre Workshop conducted by Theatre Veteran Walter De Souza
- One-day Photography Workshop conducted by National Geographic photographer Jyothy Karat
- One-day Film Script-Writing Workshop conducted by Bollywood Scriptwriter Darshin Naidu
- Guest lecture on 'What is Subjectivity?' by Dr. Anup Dhar
- National Symposium on Thinking Subjectivities
- Post-Symposium workshop on Subjectivities
- Guest lecture on "A Critique of Subjectivity" by Neil Hockey, Visiting Research Fellow, CPDS, FEA, University Malaya.

MA English

BA English Honors

Performing Arts

2010-11 will go down as year of transformation for Christ University in the field of Performing Arts. By starting the undergraduate course PEP (Performing Arts, English and Psychology) - more than 25 students of the first batch, danced, acted and sang their way through the year.

In an attempt to provide a holistic approach to Performing Arts the students went through the following -

A to O!.....OhOO experience!!

- Organizing - World Music Day - including ticketing and audience management.

- "Talent Exploration" - Music, Dance and Theatre presentation for inauguration of Darpan – the talent hunt event of the campus.

- "Team bonding" - Worked in allotted teams of 1 semester for CIA to put up competitive theatre performances for Darpan.

- "Presentation" - Dance presentation as an exposure of Indian Culture to USAC students.

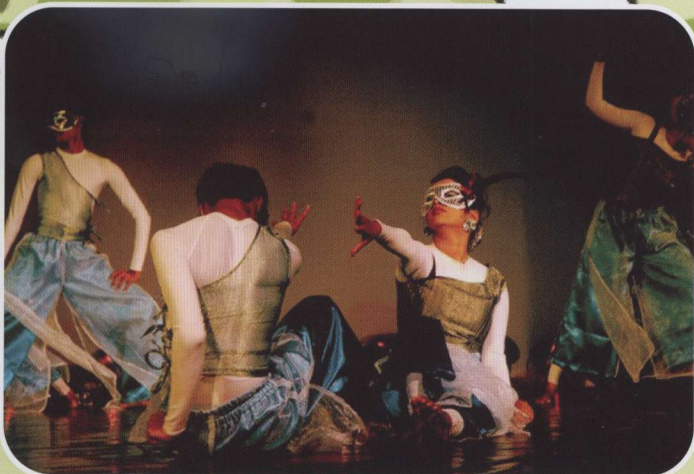

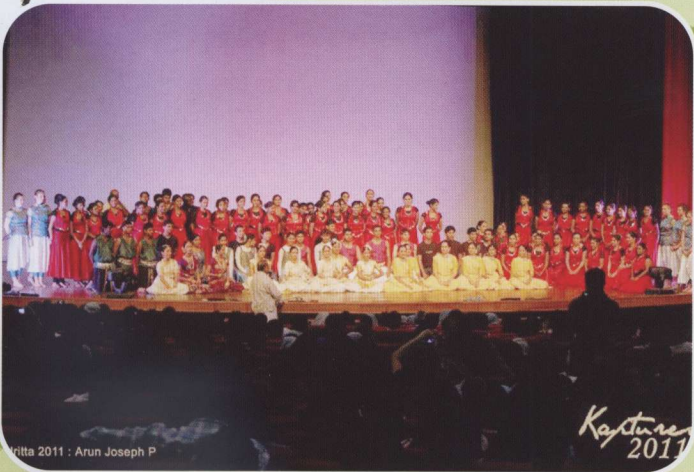

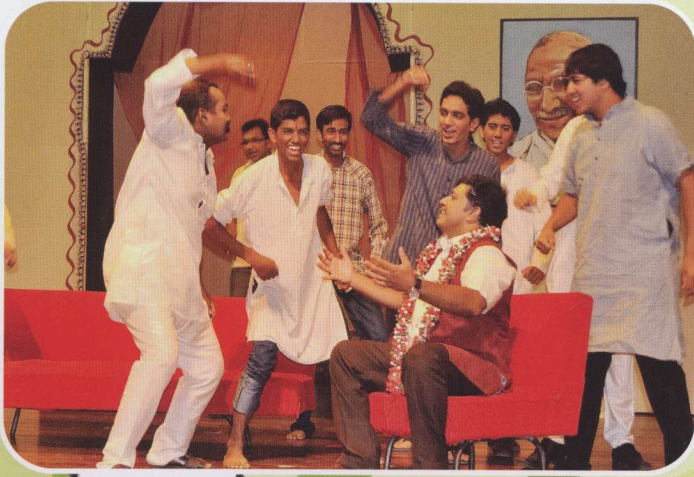

- "Vision 2020" – Script Writing, Acting, Direction , backstage co-ordination and audience management through the annual Vision 2020 theatre production

- "Collaborative work" – Showcased the first collaborative work involving music, dance and theatre as a class as part of "Book Mark" – the book exhibition.

- "Visual Art" - Were exposed to the dynamics of Visual Art through a workshop

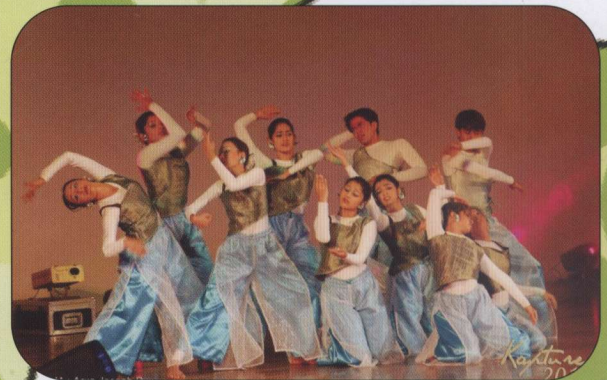

- "Solo performance" - Explored the possibilities of doing a solo performance with audience and faculty evaluation.

- "Playback Theatre" – PEP were the first batch of student who went through the journey of a Playback Theatre experience as a class.

- **Music Workshop** – Exposure to Western music through a short term workshop.
- **Blossom dance** – Inaugurated the inter-deanery fest with a dance performance.
- **Classical dance** – Students went through the certificate course in Classical dance
- **Nritta – Dance Day** – Went through training to perform as a class and Organized the University Dance day as part of a 100+ team dance team.
- **Intimate Theatre** – Worked with directors to create three intimate theatre performances.
- **Collaborative Creation** – Created an intimate Performing Arts experience combining the learning of dance, music and theatre.

The journey to the world of opportunities continues with a OhOO experience as the students blend into the real world of Performing Arts - with their internships in art related fields at the end of their first year.

Media Studies

The Department of Media Studies organised many events in the year 2010-11, such as: the Journalism fests – Inprint and Inquisitive; the CEP fest – Comraids; the National level Media Meet – "Moving Frames", jointly organised by the MS communication students and the students of the under graduate courses; Media Conclave – a series of interactive sessions with media personalities; Transtalkies – the film club; and Decibel – the internet radio station run by the students of MS Communication. Apart from these there were several other activities conducted - host of guest lectures, field visits, news letters and journals, PR and Ad campaigns and making of short films and documentaries.

MS Communication

FEP

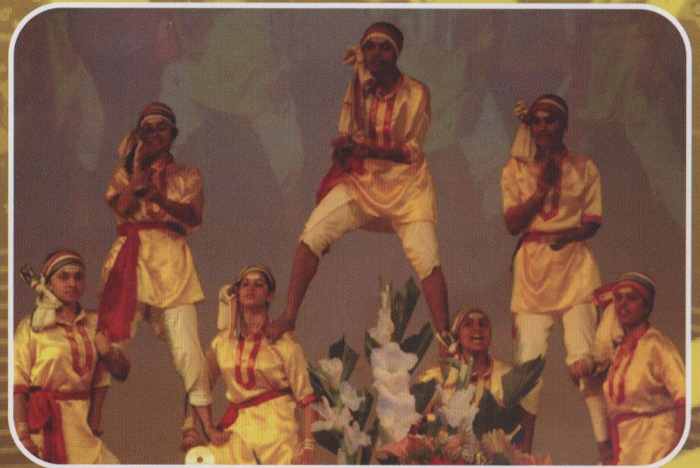

Languages

Bhasha Utsav'2010 -11 was held on September 8, 2010. It was inaugurated by Mr. Chiranjeev Singh, former U.N. secretary. There were performances by professional troupes from South India. The Dollu Kunitha and Nayandi Melam troupes took the stage by storm and saw enthusiastic student participation. The student performances were an audio visual treat. As it spilled out on to the campus; it was virtually a scene out of The Pied Piper of Hamelin.

Kannada Department

Students of the university, specially trained in Yakshagana staged an episode from Mahabharatha on 27th July 2010. A workshop on understanding poetry was organized in association in August 2010. Guest lectures on work culture and other issues were delivered to mark 'Thingala Karyakrama'. Inchara, the literary and cultural fest was conducted in the month of January 2010. The department will release 'Vagartha', a magazine by the students in March 2011.

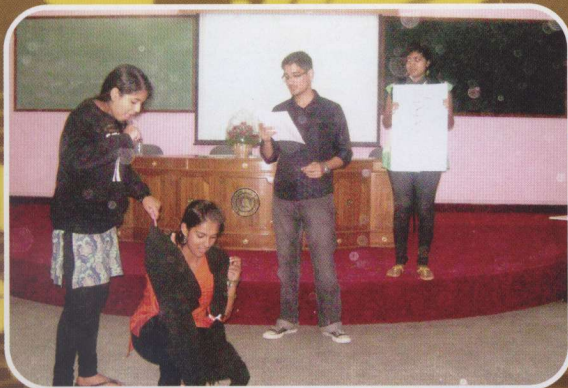

Sanskrit Departemnt

Students from the department secured the third place in the inter college quiz competition held at NMKRV college. The faculty chaired a session in Kannada Vijnana Samelan held in September 2010 and a women's science congress held at Devanagere University. They also presented papers on environmental aspects in Koutlyas Arthashatra. The faculty helped co-ordinate and judge events for the intra deanery fest 'Blossoms'

Kannada Sangha

The Kannada Sangha published 5 new books this academic year. It conducted a National level short story writing and poetry competition in memory of renowned artists and poets. Naveen, a BCom student bagged the prize in the poetry competition. The book releases saw many stalwarts from the field of literature interacting with the students. They included eminent writers, translators, critics and film makers.

FRENCH Departemnt

Students staged different adaptations of 'Ali Baba and the Forty Thieves'. A workshop on 'French through Poetry and Music' was conducted on 27th Novemeber 2010 by Mrs Marissa D'Silva from Alliance Franchise, Bangalore. Fourth semester students directed short movies, singing and quiz competitions as part of their CIA. The interclass competitions in February saw active student participation in pot pourri, skit, painting and music.

HINDI Department

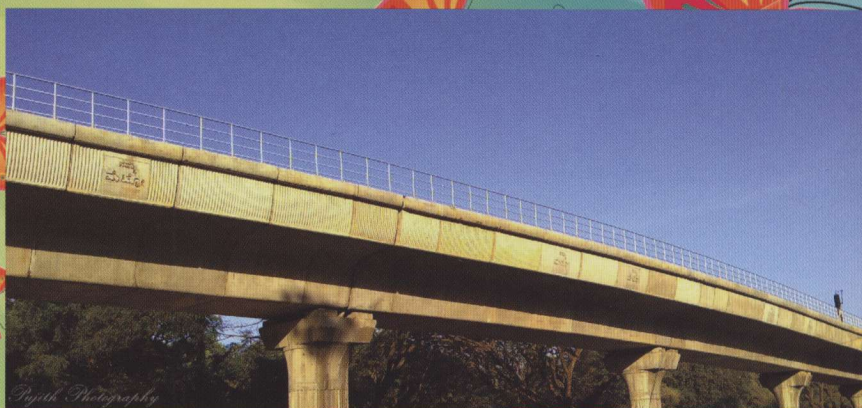

The department organized a number of events during the academic year that were attended by both faculty and students in large numbers. Some of the events were a Multi Lingual Poets Meet for UG students in July 2010, Literary competitions to mark Hindi Saptah Smarah and a drama titled 'Azhadi Ka Ek Din' enacted by students of the University. A workshop on Hindi translation was also organized on August 28th 2010.

URDU Department

The faculty attended a three day National Conference conducted by the All India Urdu Manch and Daily Pasban from 27-29th Dec 2010 at Hasnath Women's College Bangalore. The faculty also has the rare opportunity of editing selected letters of Tipu Sultan. Students of II BSc won the II prize in a debate competition held at Al Ameen College. They also participated in Bhasha Utsav and other competitions conducted by the department.

Progression

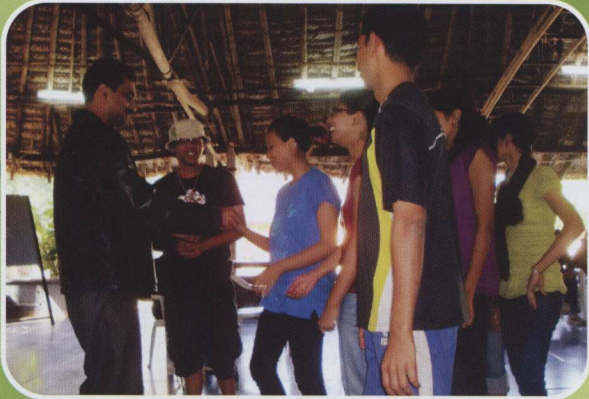

Walking along the bitumen roads,
Engulfed by gargantuan structures ,
Gleaming in the sunshine offering a cold stare.
Reminiscent of the locale that man hath dare,
To create his environment, caring for none.
Destroying foliage, flora and fauna,
As if they mean little to him any more.
On the highway, angry horns blare
Whilst passers by make way for the guys in scurry
Who's forgotten all and sundry are in hurry.
In this world of Internet and cyber cafes
With machines superior to live faces
Human kind has become egoistic some more...Alas!
The expansion bubble is about to contract,
Things in society are not intact.
Felony, horror, malevolence on the rise,
One has to STOP! To ponder twice...
Who hath brought this self-destruction!
In the voyage of progression.

Psychology

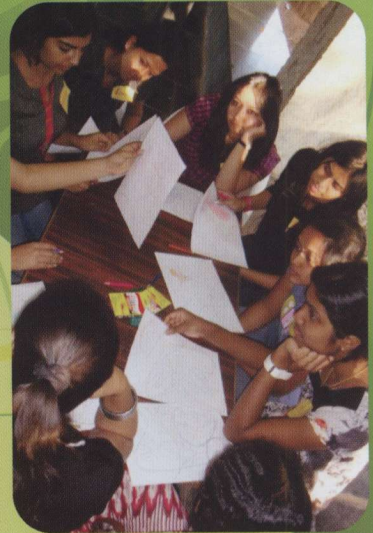

The Department of Psychology had a busy and vibrant year with a number of activities geared towards student development and faculty development and community care. Students were exposed to a large number of academic and professional interactions through guest lectures, field visits and focused workshops. Faculty members benefitted from development programs such as the competency based peer interactions and departmental faculty seminars. Community participation was enhanced by developing community counselling centers and skill building workshops for high school teachers.

MSc Clinical Psychology

MSc Counselling

BA Psychology Honors

Sociology

The annual inter class fest, Sambandh kick started the year. The third National Young Sociologist Competition was organized in January 2011. An exhibition was held on Human Rights Day. The National Seminar on Urban Poverty and Social Exclusion was held in February 2011. In addition, workshops on soft skills, academic writing and citation styles were conducted for students. The Corporate Sociology dialogue was launched to help the students interface with industry leaders.

PSEco

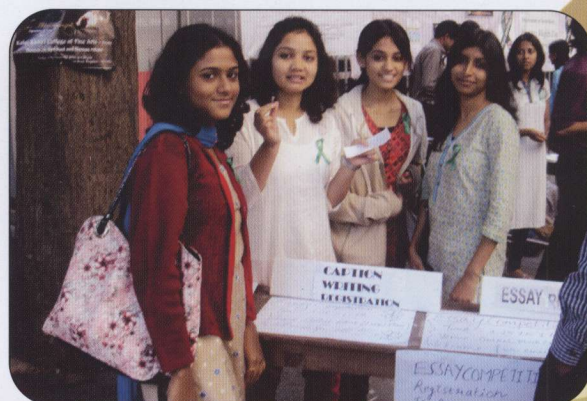

MA Sociology

MSW

The Department of Social work organized a variety of activities throughout 2010-11 including:

- 1 State level seminar on 'Protection of Child Rights in Neo Liberalized Era'.
- 2 International Human Rights Day in collaboration with the Department of Political Science
- 3 Organ transportation pledge with Zonal Coordination Committee of Karnataka.
- 4 Essay competition
- 5 Rural camp 2011 in partnership with Centre for Social Action
- 6 One day training programme on Field work Education
- 7 World Literacy Day campaign aimed at spreading awareness about 'EACH ONE TEACH ONE'.
- 8 Anti trafficking day, National Girl Child Day and National Youth Day.
- 9 Undertaking of major research projects on Mapping Social Work Perspectives in CSR
- 10 Workshops on SPSS and Disaster Management, Juvenile Justice Act, Competency Mapping and PRA for MSW students.

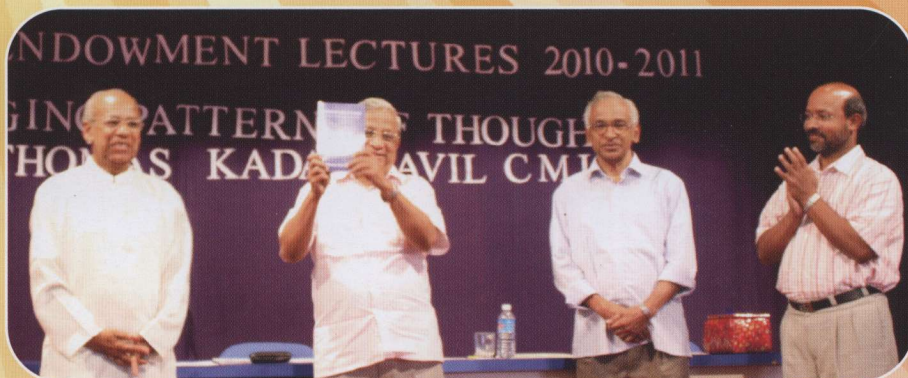

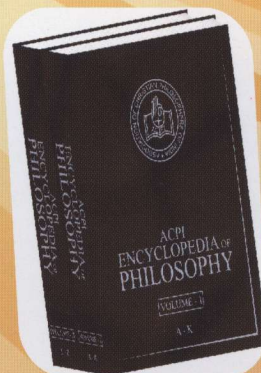

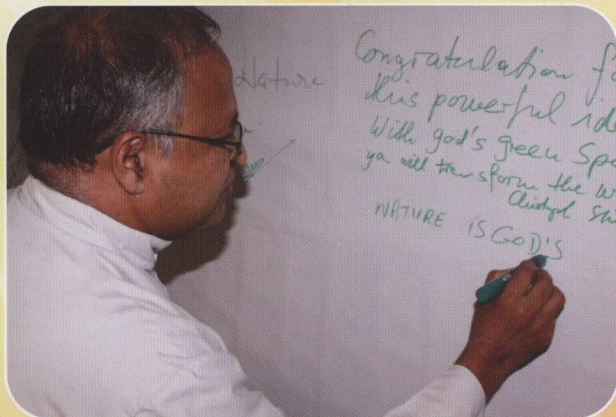

MSW

Philosophy

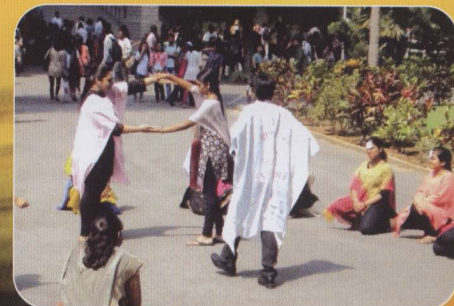

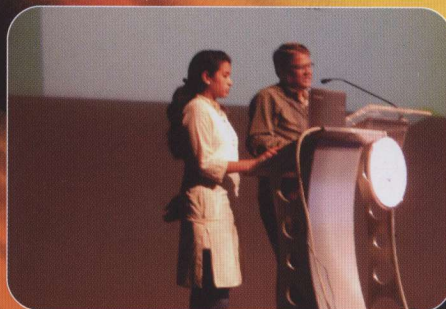

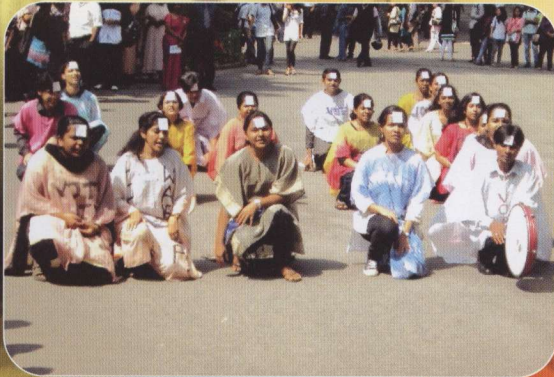

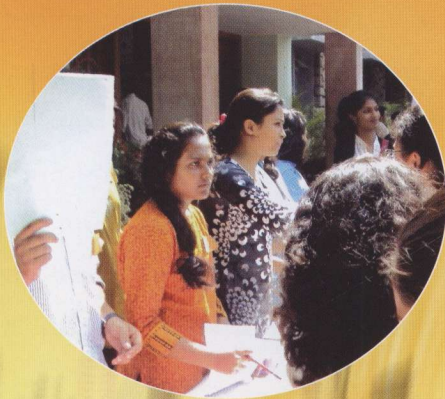

The BA Honours Programme in Philosophy was launched in the academic year 2010-11. Lectures on various themes related to philosophy were held during the course of the year. The students conducted a seminar on '**Mystics of Indian Genius**'. The Faculty helped edit the 'Encyclopedia of Philosophy' brought out by the Association of Christian Philosophers of India. Faculty members were involved in conducting the International Conference on 'Mysticism without Bounds'.

MA Philosophy

Political Science

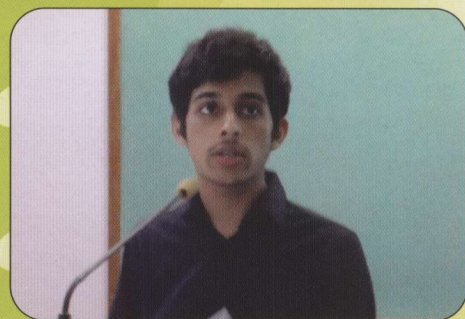

EPS

HISTORY

A student seminar on 'History, Nation, Nationalism and National Identity' was organized and saw wonderful student presentations on various topics. A study tour to Cantonment, Devarayana Durga, Shivagange and certain other political centres was organized. A certificate course on 'Aesthetics of Art' was conducted. Weekly discussions, class presentations and field studies form the other activities of the department.

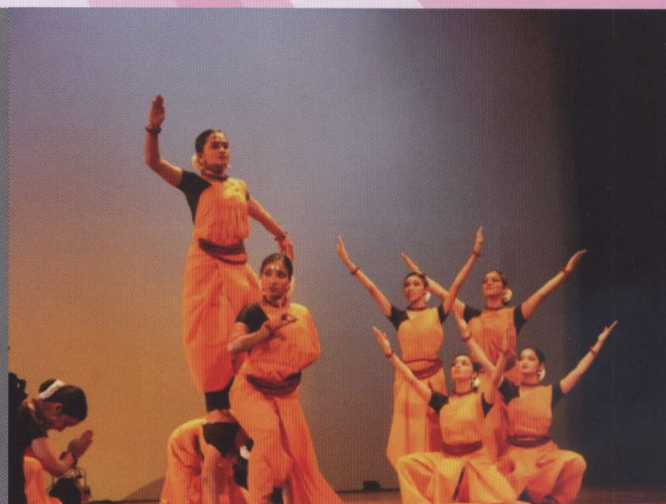

HEP

Management Studies

The Department of Management Studies saw a busy year with activities such as, the intra-departmental Management competition – “Vistas” with participation of all students from BBM, BBA and MFM; “Esprit” – the International level competition organized by the CUMA held on the 6th and 7th of September with participation from over 15 colleges across the country and abroad; “Arthayudh” – the National level competition successfully organized by the MFM was held on the 15th and 16th of September; “Thrive” – a competition organized exclusively for the first year students of the BBM and BBA; “Ushus” – the annual fest was organized by the MBA students. The students of the Department went on several industrial visits. Several guest lectures by experts from the industry too were organized. This academic year has been very successful, and a rewarding experience for everyone in the Department of Management Studies.

DESTINED TO DAWN

T'was sown deep into the earth,
Nurtured and nourished it was,
Until after day after night, it one day did transpire
And finally above the dirt did appear

Now, he who had sown it, that fine former day,
Was at heart made glad, to embrace this splendor
And so he did say, "One day you will grow and maturity attain,
and then will you bear fruit with no taint".

Draped by the great rays of fire, it began to grow,
Punished by the storm and pecked by the crow,
A lot was to ensue, until its dream did come true,
Still it got all it wanted and all that it yearned,
Cause it had a life to live and beautiful life it would be.
To reach for the sky was its sole motive
An illusion it wasn't, cause it wasn't that high

A long while has passed since It's first breath was taken
It's arms now spread, strong wide and open.
Whilst cloaked with the glory of its being,
To tempest and turmoil it did not Deign.

Far above the ground, it stood extended
And after the time when the white snow descended,
The forest grew timbered and the air blew warm
As the last dying leaf kissed goodbye,
The first fruit whispered a blossom.

Christ University Institute of Management

Christ University Institute of Management had an eventful academic year with ample opportunities for learning and action. All junior students had their out bound training program in the first month. Corporate mentors of summer internships were represented in 'Gracias', and have praised the commitment and excellence of our senior students.

'Ushus', the Business fest of the Main campus and 'Chrizzellenz', the Business fest of the Kengeri Campus had representation from more than 80 management institutes across the country. 'Connaissance', the all India student paper presentation contest of CUIM is known for its quality and concepts. As part of 'Pioneer' 2010 awards such as "Best woman entrepreneur", "Best Social entrepreneur" and "Best IT entrepreneur" were given away to deserving candidates. Entrepreneurship Development and Research Centre, launched this year, hosts monthly meetings of

Bangalore Entrepreneurs. Marketing department organizes social marketing discussion forum and consultancy every week.

All Specialization departments organized skill specific workshops, panel discussions and corporate interfaces specific to their functional areas. CUIM published ten e-newsletters with information and news regarding specialization areas and other club activities. More than fifty corporate speakers were invited on different occasions and many guest lectures on the new trends of business were organized. More than 20 international professors visited our departments this academic year, and our professors taught classes at various international universities. Students gained knowledge and did intense research in their areas of specialization through live projects and joint projects with international students. The institute has given special lessons on how to manage personal wealth and career mapping.

Taking Risks

If every note that followed mirrored the one before,
The tune would be soul-less, monotonous, prosaic, nothing
more.

If the three primary colours never interweaved,
Red, Blue and Yellow would be all that we'd perceive.

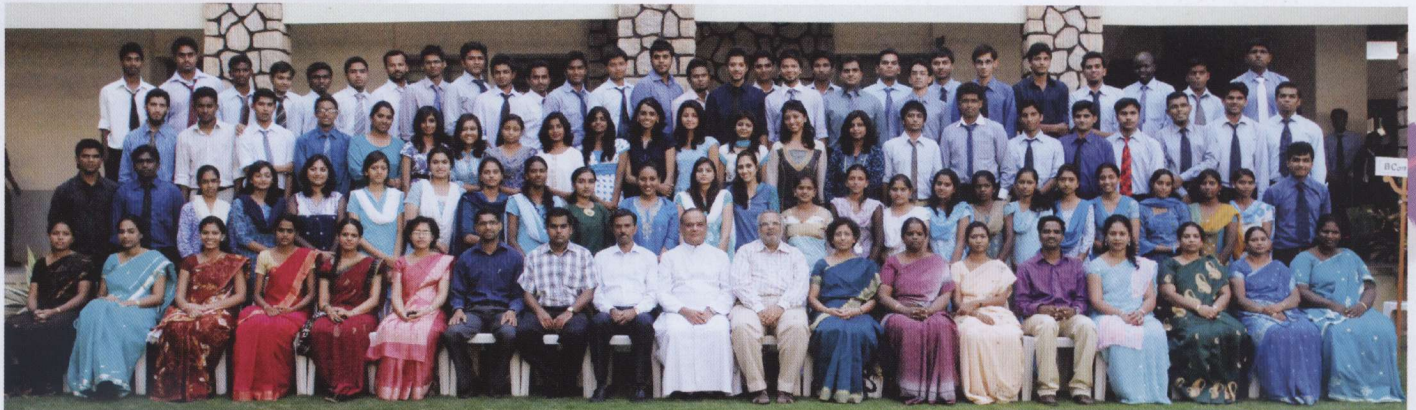

The minute hand is ticking, and it stops at you.
Is your vision zealous for a race, wherein victories are few?
There's a sea of opportunities, not one thus far expunged;
But nothing will progress unless you take the plunge.

Tourism

The activities of the department began with a workshop conducted by Brig. R. S Murthy (Retd) to welcome the first semester students. Many other events followed, such as: "Konkureez", the activity hour held every Wednesday and Friday; "Alta-Vista", a national level travel and tourism fest; an educational tour to North India; and a national level seminar on 'Tourism a Tool for Synergizing Bio-diversity Conservation and Community Based Development'. Department publications include, "Frequent Flyer", publication of B. Com T and "Atna", the journal of Tourism Studies. Several guest lectures by eminent resource persons such as Mr. Amos Bien-Costa Ricca, Prof. Sandeep Kulshreshta, Mr. B. Ramkumar, Mr. Vekataraman, Prof. Nanjundeswar, Mr Sivatsan and Mr. Niranjan were organised. Students actively participated in the Theatre in Education programme and also emerged as winners at major tourism fests organized by various colleges in the city.

MTA

Bcom T

Economics

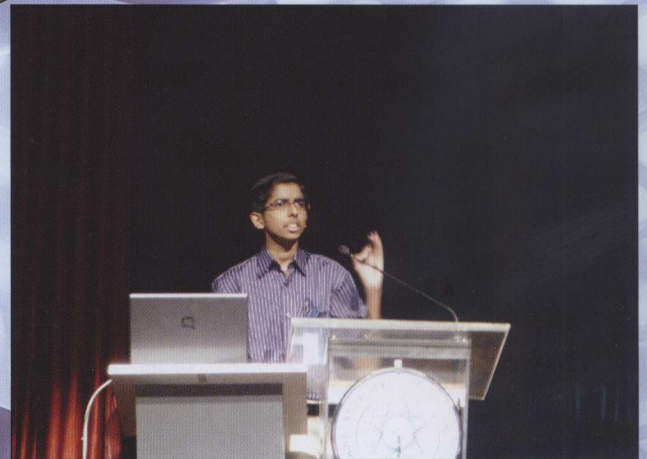

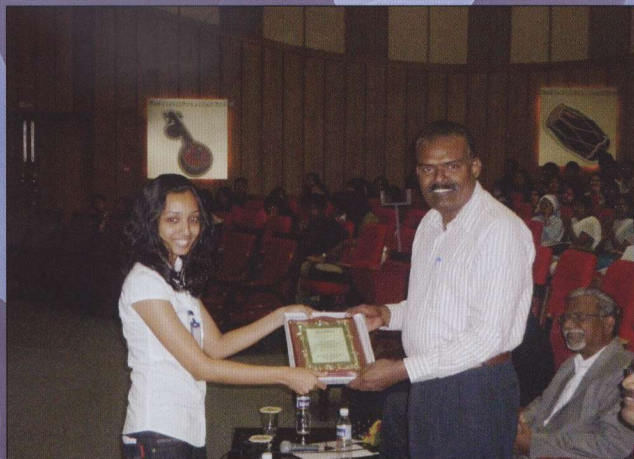

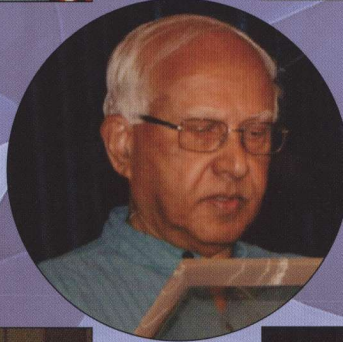

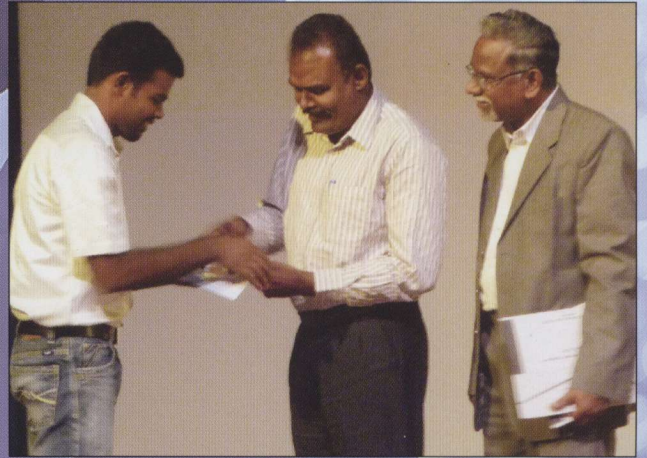

The Department of Economics organized a series of guest lectures throughout the year on topics like Applied Macroeconomics and Microeconomics, Game theory and Quantitative and Qualitative Research Methodology. The Department held the National Seminar and conducted the National Young Economist Competition. Dr. Samuel Paul, advisor to the World Bank, inaugurated the Economics Association and released the news letter EPHEMERIS. The Department is currently engaged in two major and one minor research projects and training in Excel and SPSS for the MA Applied Economics and BA Economics Honours students.

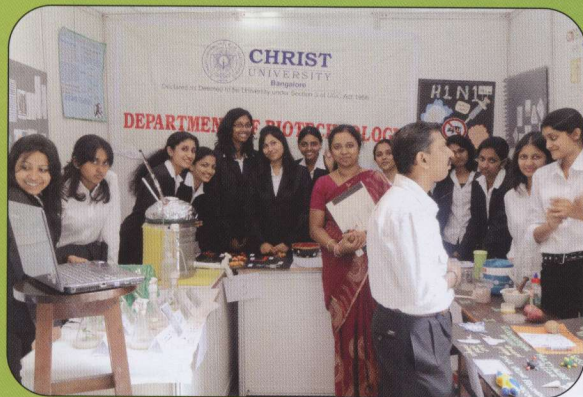

MA Economics

BA Economics Honors

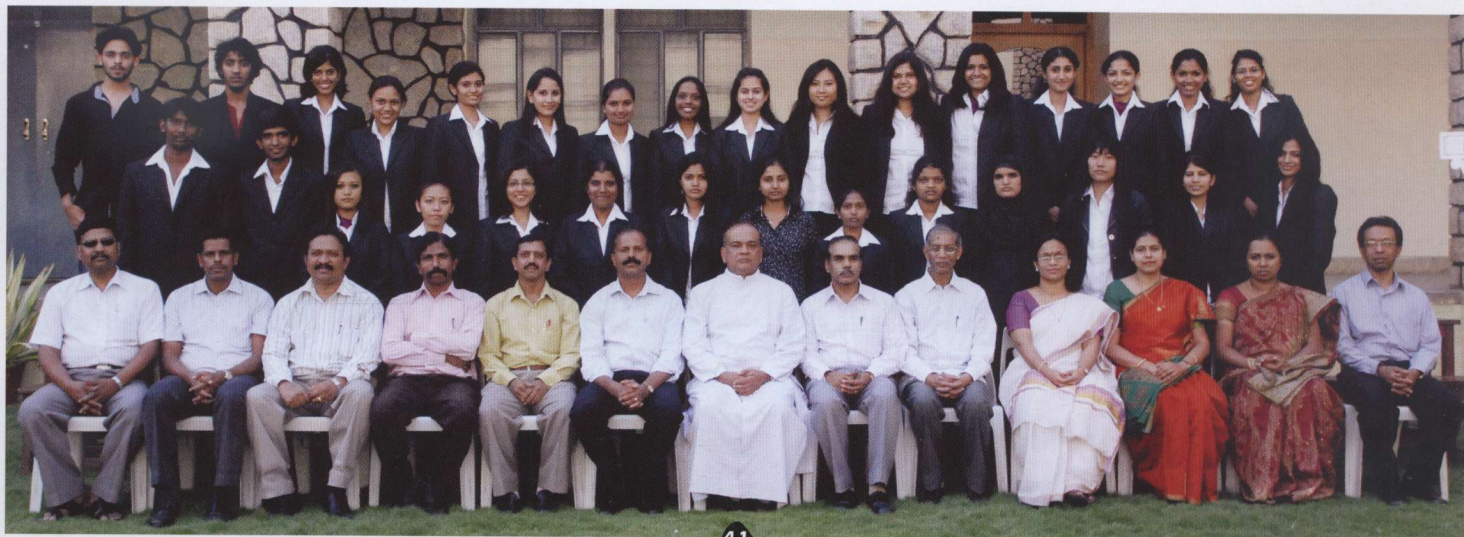

Biotechnology

Department of Biotechnology organized several activities this year including, an intercollegiate science fest OPERON with a number of co-curricular activities such as Potpourri, Treasure Hunt and Quiz; a Regional Symposium on "Recent Advances in Medical Biotechnology" where several eminent scientists from esteemed institutions delivered talks on different topics; an academic visit to 'University of Agricultural Sciences' where final year students got an exposure to analyze current research problems in the field of Biotechnology and applied sciences; a visit to 'Manipal Institute for regenerative Medicine', Bangalore, with second year students; a science exhibition during which the students explained some interesting aspects of biotechnology to science and non- science students alike. The department is also actively involved in the activities of the Centre for Social Action (CSA) under the guidance of Mrs. Priya V.

BCB

Chemistry

The Department of Chemistry organised several events such as, an intercollegiate science fest Chemos to inculcate scientific temper, event management skills and social interaction skills among students; a visit "Atomic minerals directorate for exploration and research, southern region and Apotex Pharma Ltd"; a visit to Pollution Control Board, Karnataka; a talk by Dr.G.M. Anandaramaiah, Professor of Medicine, Biochemistry and Molecular Genetics, University of Alabama at Birmingham Medical Centre, Birmingham, Alabama on the topic "ApolipoproteinE. Peptide mimetics"; a two day workshop on organic chemistry "Explore -2010" in association with Indian Academy of Sciences, under the convenorship of Prof. Uday Maitra, Chairman, Department of Organic Chemistry, IISC, Bangalore; a National Seminar on "Modern methods in organic Chemistry". The Chemistry Department Association, Chemos, too conducted many activities including a talk on " Strange and beautiful world of Quantum chemistry", by Dr. K. L. Sebastian, Indian institute of Science, Bangalore. Campus recruitment programmes for the post graduate students was also successfully carried out.

M.Sc Chemistry

Botany

The Curriculum - is designed to suit the industry and global competencies, with latest topics on tissue culture technology in agriculture, Ethno botanical foundation, Genetic engineering technology and application oriented topics like organic farming, waste management, rainwater harvesting, paper recycling, organic composting, mushroom cultivation etc.

- Department fest called FLORA was conducted by the students
- Selected students accompany the staff members of the department to participate in outstation programs like camps, seminars, workshops etc.
- Students are actively involved in organic waste recycling process and prepare organic composts.

Certificate courses – like Gardening, Mushroom cultivation at home, Flower arrangement, Home medicine which gives ample opportunities to create self job opportunities after their graduation

CBZ

The department of Zoology organized a one day intercollegiate fest titled "**Species**".

The Department involved the undergraduate students in active research activities in Collaboration with Center for Ecological Sciences and Indian Institute of science, Bangalore. A National level Symposium on Wetlands and Biodiversity was organized by Indian Institute of Sciences and two of our Students were awarded certificate for best paper presentation.

A **lab visit** to Indian Institute of Horticultural Research at Hesarughatta was arranged.

A **poster competition** on global environmental issues was organized by the department.

An inhouse magazine called "**Inquiry**" is in the making by the final year students of CBZ/BCZ combinations .

Prof Ganesh. S along with IV sem student Yusuf Hussein Hasuje attended a training programme titled "**Exploration of Coastal Ecosystem**" at Point Calemer, Trichy.

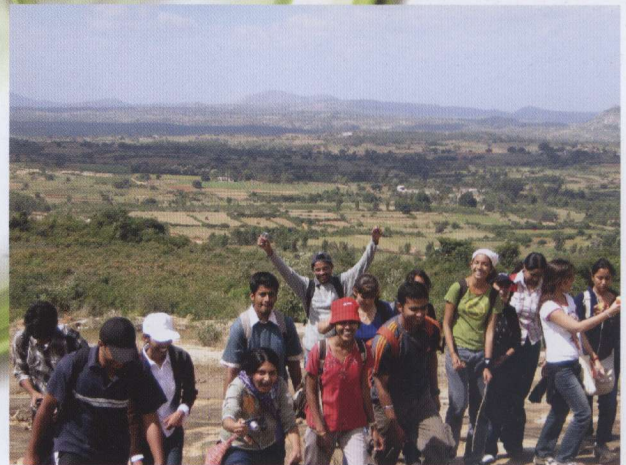

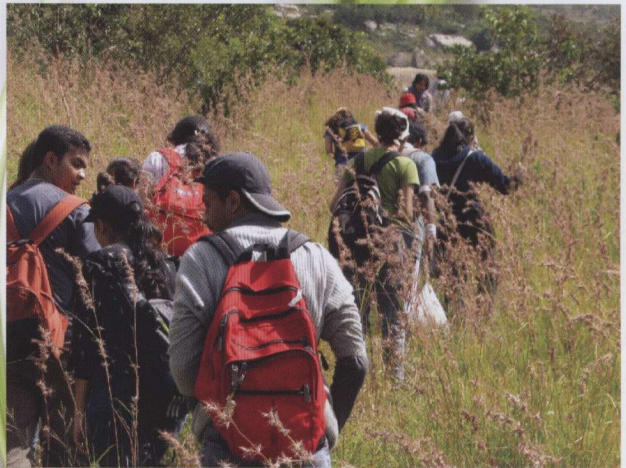

GREEN ARMY

Green Army had involved twenty six student volunteers in Solid waste management studies in Collaboration with Center for Sustainable Technologies; IISc. Bangalore.

They visited various dumping yards like Mavallipura, Hosur Road, Kanakpura Road etc. to assess the status of waste disposal. They were assisted by Dr. Chanakya and his research Scholars from IISc. The students were taught how to handle GPS and other sophisticated techniques in calculating the age of a decomposing waste dump. Two groups of students presented their findings on lead poisoning in soft drinks and fast food, in front of environmental experts at Mount Carmel College, Bangalore on 26th July 2010. The project was sanctioned by National Referral Center for Lead Poisoning in India and the Quality Council of India.

Twenty three students accompanied by the staff coordinator went on an adventure trek and cave exploration to Antherganga in Kolar district on 18th July 2010. A trek to Thadiyandamol and Mandalpatty in Coorg was organized from 4th to 7th December 2010. It was meant for the students from Sweden who were on an exchange visit to India. On 16th March a one day trek cum nature camp was organized at Maa Kali Durga near Doddabellapur. Twenty seven students attended the event.

Electronics

An Industrial trip to ISRO, HAL and Bharat Electronics, Bangalore, was organized in July 2010 besides 'I²R', an awareness program, on energy conservation and alternate sources. 'CIRCUIT 2010', the inter-collegiate electronics meet was organized in September 2010. Computer aided teaching sessions (CATS) and various other seminars and workshops were

conducted for students during the year. A National workshop on "Innovative Experiments using Phoenix " was conducted by IUAC, New Delhi in May-June 2010. Faculty members attended international workshops and seminars.

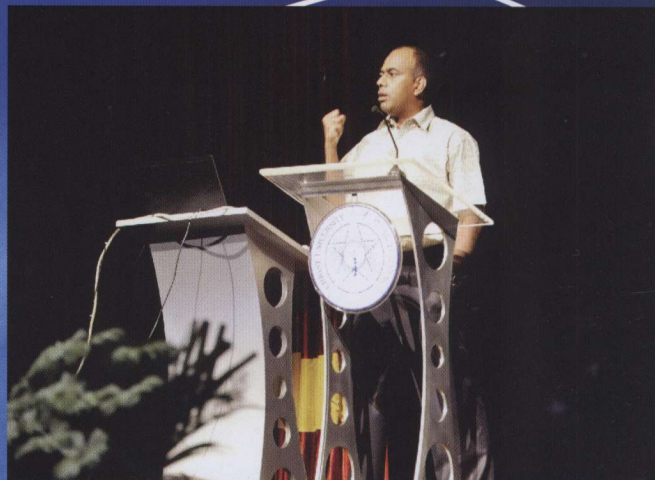

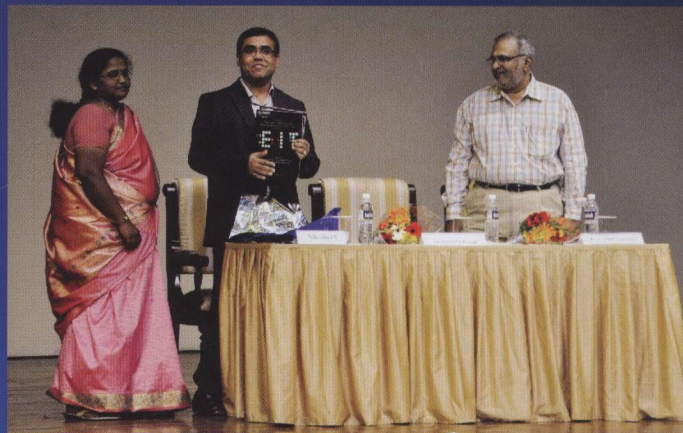

PME

Computer Science

A National Conference on "Emerging Trends in IT" was conducted on 17th February 2011. A Panel Discussion on 'Challenges in Indian IT industry' was conducted. Some of the fests organized by the computer science department through the year were Gateways 2010 (February), Interface 2010 (September), Techleons (February 2011). 'Infobahn' was published. 'X-ebit 2011' was conducted in February 2011. Students of **Computer Academy of Christ University (CACU)** released the annual newsletter Infobyte.

MCA

B.Sc Honors

MSc

BCA

Physics

The intercollegiate science festival Eureka was held on 16th Sept. 2010. More than 15 colleges from in and around Bangalore participated in the various events.

The department organised two certificate courses one in "Experimental High Temperature Superconductivity" and the other in "Astronomy and Astrophysics".

The final year B.Sc students visited Vainu Bappu Observatory, Kavalur, TN as part of their study trip. The senior M.Sc students visited TIFR's balloon facility at Hyderabad, Central Research Facility at Usmania University and CPRI Hyderabad as part of their study trip.

The Physics Dept. organised three special lectures (i) "Particle Physics in the Era of Large Hadron Collider" (ii) "Fibre Optic Communication" (iii) "GRAPHENE" - A New Form of Carbon" (Nobel Prize in Physics - 2010)

The department organised a two day lecture workshop on "Current Trends in Novel Materials" in collaboration with Indian Academy of Sciences. Three major research projects are currently being carried out by the department.

M.Sc Physics

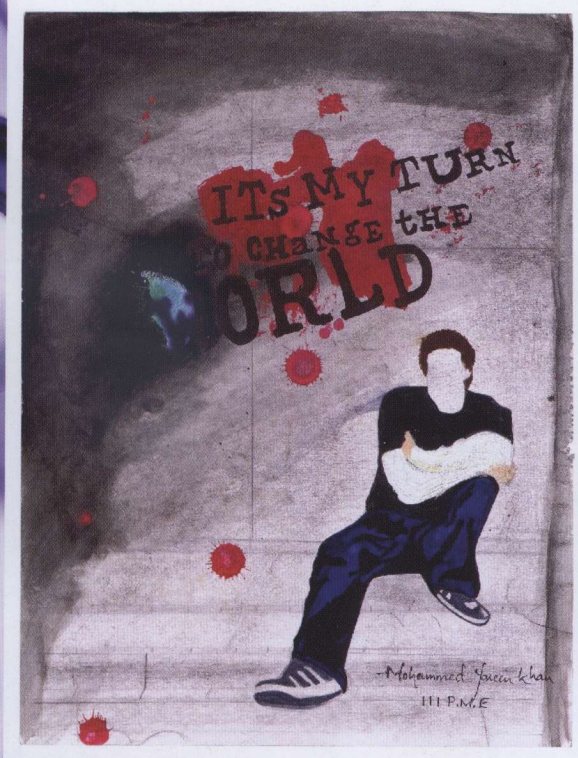

Since time immemorial, the youth – that is to say individuals of our age – have always been looked upon as the harbingers of progression. We have the knowledge of the past and the ideas for the future; and these two ingredients enable us to progress with leaps and bounds in the present.

The general opinion is that change brings about progress, but in most cases progression brings about the change that one usually wants to see. This is especially true in India and other developing nations, where economic progress has brought about liberation in thought and from restrictive, baseless customs. Scientific progress has also brought about many changes in the mindset of people; it has debunked many myths and superstitions, which has enabled many individuals to live a better and more prosperous life. Social progress has liberated thousands from the shackles of pseudo-slavery, and although this is just a small step, it is significant in bringing about change that is necessary to achieve our Utopia.

To conclude, in the words of Margaret Fuller:

"I am suffocated and lost when I have not the bright feeling of progression."

Progression is necessary for humans because it is this concept; this idea is the driving force behind all our comforts, both materialistically and spiritually; it is the most common yardstick by which mankind measures its successes and failures.

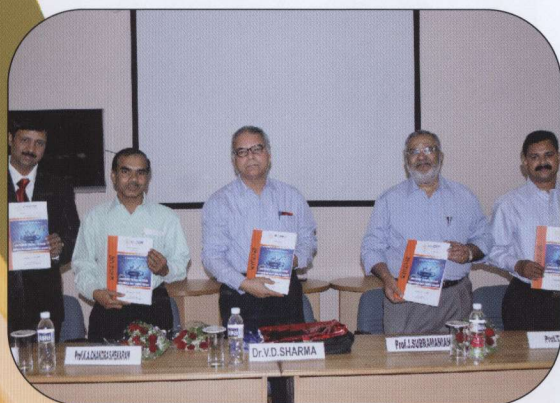

Mohammed Yaseen Khan
III PME

Mathematics

The academic year 2010-2011 was an eventful year for the Department of Mathematics with a variety of activities.

- Two students participated in the MTTs(Mathematics Training and Talent Search Programme) funded by NBHM at R.I.E, Mysore during 17th May – 14th June.
- The intercollegiate fest, Convergence, was held on 14th September 2010.
- Mathematics students participated in a workshop "Science Academies" conducted by St. Joseph's College.
- Sequence, the intra-collegiate fest was held on 9th February 2011.
- Mathematics project exhibition was conducted on 18th February 2011
- Talk on "Positive attitude and Self assessment" was conducted for first year students.
- II M.Sc students visited IIT Chennai Campus on 29th January 2011
- II National Conference on "Emerging Trends in Fluid Mechanics and Graph Theory" was organised during 11-12 February 2011.

The department arranged various programmes to encourage the faculty members to go beyond the regular curriculum, spread their wings and explore new avenues. Many of the faculty members presented papers at conferences and seminars. Some faculty members also published articles in reputed journals.

M.Sc Mathematics

Statistics

The academic year 2010-11 was full of student-oriented activities for the Department of Statistics. The students took part in the Statistics Day organised by NSSO on 29th June 2010 and won many prizes. The department conducted an intercollegiate fest 'INFERENCE'. A talk by Mr. Dattatreya Sharma on 'Application of Statistics in Machine Learning' was organised. Dr. Raveendra Savadi had given a guest lecture on 'Statistical Methods used in Dental Research'. The department arranged for a Two days Soft skills development programme. Mr. Reuben of School of Law of Christ University conducted an orientation programme for the students of second year BSc. The department arranged a CSA camp for final year students

The faculty of the Department of Statistics actively participated in Faculty Outbound Motivational Workshop organized by Christ University. Some of the faculty members also attended various seminars and conferences.

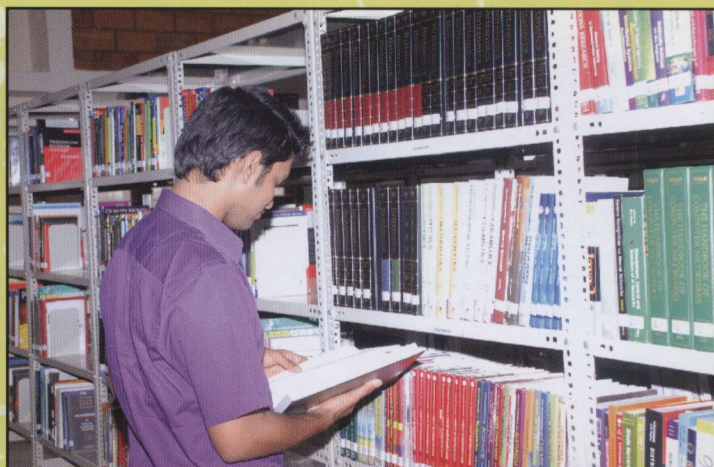

CMS

Faculty of Engineering

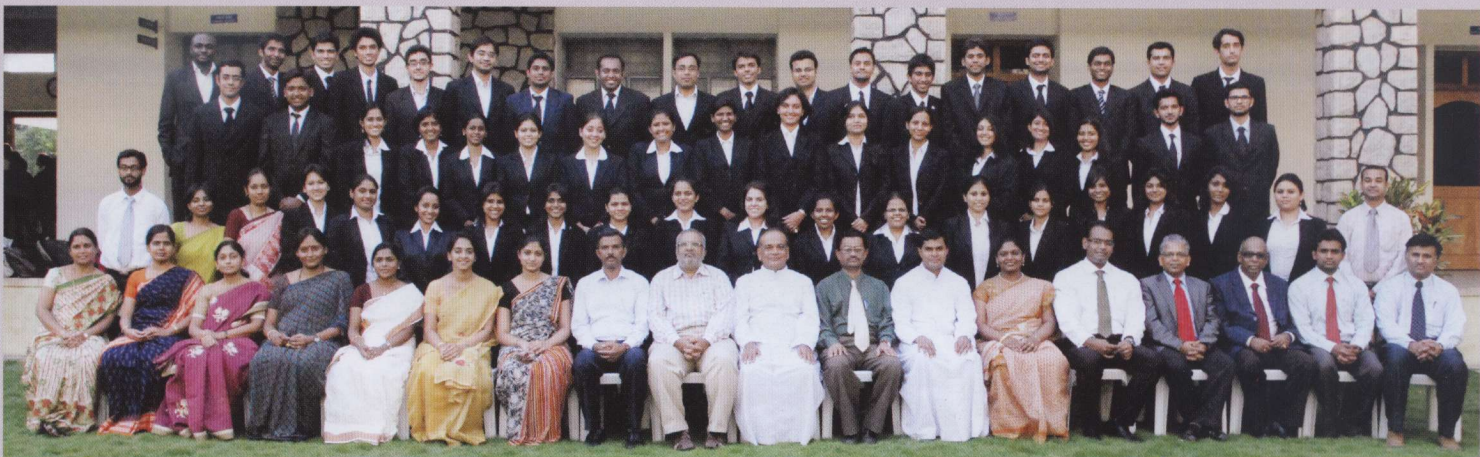

The Faculty of Engineering organized many events during this academic year including, technical sessions by industry experts where Mr. Senthil Kumar from Trivium Solutions and Mr Johnson spoke on NET technologies ; workshop on leadership skills conducted by Mr. Jibreal Jos and Mr. K.Balachandran of Christ University; weekly Mathematics Seminars where academic experts and students presented and shared their research interests ; technical poster presentation competition for students; and Outbound Training Program.

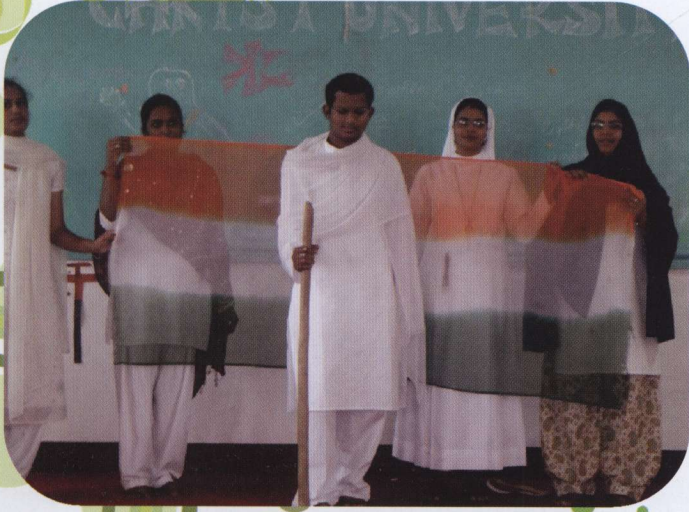

Law

2010-11 marked the beginning of the Post Graduate programme in Law and the Final Year for the first batch of LLB students in SLCU. Eminent jurists such as Prof. Upendra Baxi and Prof. Umakanth enlightened the students during the guest lectures organised by the committees of the School of Law.

The Conference on "Goods and Service Tax" and the 1st SLCU National Moot attracted students and luminaries from far and wide. Conferences on social issues such as Human Rights attended by Vice-Chancellors of other law schools, and the Greenpeace Discussion on Bhopal Gas Tragedy reminded students of the causes that they need to strive for.

Education

The B. Ed programme for the 2009-10 batch began on 28th August 2009 followed by the 'Back-to-School' programme which showcased the talents of student-teachers. A Personality Development workshop; Theatre-in-Education workshop (TIE) and a two-day National Level Workshop on *Current Trends in Education* were organized. Micro teaching sessions were held under the guidance of the faculty members. A one day Community Living Camp was held at St. Mary's Farm, Kenchanapalya. The Annual Sports Day and *Kala Saurabha 2010*- the Cultural Week Celebrations witnessed competitions in sports and arts, literary, stage events respectively. The practice teaching session had the teachers posted in twelve schools across the city which re-kindled the realization of their vocation.

BEd

Office of Examinations

Interview with the COE

Q: How important or relevant are conventional tests and exams in the present day?

COE: Conventional examination system has not lost its flavour even now. It has its value. It is in conducting the exams properly. We are trying to make it as impartial as possible. One way of ensuring that is by giving more freedom to teachers and students by reposing faith in them. The system of 50% CIA at our university is one step towards that. Though one may suspect chances of misappropriation, it is an open and transparent system. We even hold open book and online exams. Technology too is used to the possible extent.

Q: Considering that testing and evaluation patterns have evolved over the years, could you tell us more about the progressive practices such as open book and online exams that have been adopted at our university in recent times?

COE: Open book exams are used at the PG level. Online exam is being used for additional courses like "The Indian Constitution" and other value added courses. Holistic Education exam too is conducted online. One great disadvantage here though is that descriptive questions cannot be used to a large extent.

Q: In future could this kind of testing pattern be used for other subjects as well?

COE: Yes, it is possible. There are software firms which could help us in this regard. For instance answers from conventional answer books could be uploaded on to the system from where teachers could assess them online. But how far it is practical is to be found out. Teachers need to be specially trained for it too.

Q: Is it possible to have practical components in testing with regard to every subject or is it limited to just a few?

COE: Traditionally practical exams were conducted only for science subjects. But now other departments like Media studies and Psychology too hold practical exams. However it may not be possible to conduct practical exams for all subjects in a conventional sense. For instance, practical exams in History may not be possible in the same sense as in Psychology where

models for testing and assessment are already in place.

Q: Could you tell us about the Question Bank and how successful it has been?

COE: the Question Bank generates the question paper for the ESE. Teachers check the question paper just before the start of the exam. It has been noticed that the number of errors in the question paper is lesser now compared to the earlier system. Another advantage of the question bank is that there are no chances for out-of-the-syllabus questions and that it is totally impartial as it has wiped out the concept of "more important questions" and "less important questions". It has been working well except for a few instances of overlapping questions. It also means extra work for the teachers with respect to modifications that need to be made in the Question Bank every year.

Q: Do teachers come forward with suggestions and ideas to bring about changes in the examination system?

COE: Yes, any idea that comes from teachers' experience is taken into consideration, especially the teachers who have exposure to innovative practices in other universities in India and abroad do give us suggestions, and whatever is practically possible is incorporated into the system. For instance the credit system that was adopted when we got autonomy was based on our experience with the Twinning Programme with Western Michigan University that started in 1997. It follows the grading pattern on a scale of 4 points.

Q: Is the Office of Examination open to response and feedback from the students and the parents?

COE: We have a student council where students are allowed to express their views freely. Practical

suggestions given by them are often taken into consideration. During the PTA meeting parents give their feedback and voice out their concerns which are taken into consideration.

Q: As the COE what is the message you would give to our students, considering that exams are just a means and not an end in itself?

COE: Students should give equal importance to both CIA and ESE. If they take CIAs lightly there are chances

of them losing a year as they get an opportunity at betterment of CIA marks only after the completion of the course. Attendance too should be taken seriously as they get marks for it. Also there should be a good and healthy interaction between the teachers and the students even outside the classroom to ensure better understanding.

Finally, tests and exams are not just a means to assess the students' performance for successful completion of the course, but it also prepares them for life. The problems and difficulties they encounter here make them ready to face the challenges of the world later.

Graduation Day

The Humanities and Social Sciences and the Sciences Departments held the Graduation ceremony of their respective UG courses on Saturday, 29th May 2010. Mr. S.D Shibulal , Chief Operating Officer and Member of the Board, Infosys Technologies Limited, was the chief guest for the ceremony . Dr. (Fr) Augustine , Honorable Chancellor of Christ University, presided over the ceremony .Degrees were awarded to a total of 1815 students in the ceremony.

Graduation ceremony of undergraduate courses of commerce & Management was held on Saturday, May 29th , 2010 at 5 .pm in the Main Auditorium. 705 students of B.Com, B.Com Tourism, B.Com Professional, B.Com Evening, BBM and BHM graduated on this solemn function. The chief guest for the Graduation ceremony was Mr. Prateek Pant, Head – Retail, Franklin Templeton (India) and Dr. (Fr.) Augustine Thottakara , Hon. Chancellor, Christ University , presided over the function.

The Convocation ceremony of Post Graduate courses under the Deanery of Commerce and Management was held on Sunday, May 30th, 2010 at 5 p.m in the Main Auditorium. 438 students of MBA, M.Com, MFM, MTA, M.A Economics & M.Phil graduated at this solemn function. The Chief guest for the convocation ceremony was Prof. Gerald John Pillay , Vice Chancellor, Liverpool Hope University and Prof. Manfred Kiesel and Prof. Uwe Sponholz were the guests of honor. Dr. (Fr.) Augustine Thottakara , Hon. Chancellor, Christ University , presided over the function.

Counselling Centre

The Counselling Centre conducted admission counselling and student orientation at the beginning of the academic year. The centre undertook the process of attendance monitoring and Personal Counselling throughout the academic year. PTA meetings, Interactive workshops, Psycho educative sessions and Peer Education Programme were also conducted under the auspices of the Counselling Centre.

Some of the major problems the Centre handled include problems such as relationship issues, anxiety, loneliness, eating disorders, substance abuse, depression, poor academic performance, adjustment problems and low motivation.

CENTRE FOR SOCIAL ACTION

CSA activities this year include, selection of 20 Faculty Representatives along with a team of 40 student representatives from different streams to help better coordination of CSA activities; a two day brainstorming session to strengthen student / faculty initiatives in implementing the vision of CSA; child sponsorship program, that has supported 376 children with contributions of Rs. 11, 30, 170/- from Christites, faculty members, individual donors and foreign donors; MILAN an 'Inter-Project Sports-Culturals Event' for children from different project areas; 28 rural camps attended by 1400 students with 4 exclusive camps for international students; a two day National Conference on "Inclusive and Greener Cities- Urban Opportunities In The Face Of Climate Change" in association with CHF International; the 3D project at Janakiram Layout slum in East Bangalore; setting up a compost unit at the campus to convert food waste into organic compost; successful running of the recycled paper unit; setting up of the Kasa-Rasa composting unit at Ejipura in association with BBMP, Sahaas and CHF International; and continuing support in 70 villages and 5 slums with The Child Focused Community Development (CFCD) projects. Facilitated field work practicum for the social work students from various international universities.

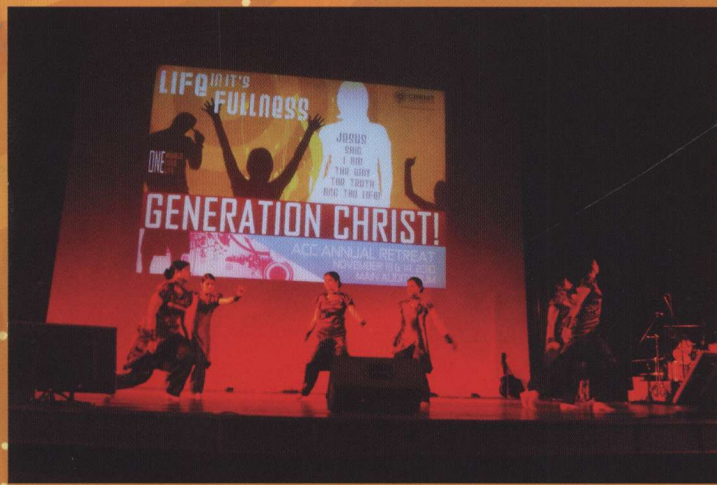

CSA Volunteers

Association of Christian Christites

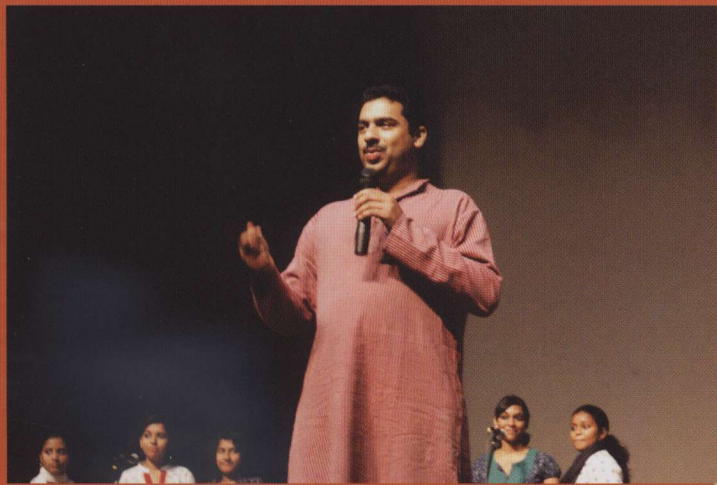

The Inaugural Holy Mass for the year was held in June 2010. A two-day leadership camp was held for all volunteers in July, 2010.

A worship evening, "Love in Eden" was organized in August 2010.

Members participated in the intercollegiate Gospel Fest- 'Exodus-2010' and won the overall trophy. The Annual Retreat was organized in November, 2010.

The ACC annual newsletter- 'Scrolls-2010' was also released at Christmas.

The Annual Retreat for PG Students- 'Agape' was organized on 13 February 2011.

Alumni Association

The Alumni Association awarded 5 gold medals to the toppers of various branches of academics. These gold medals were contributed by a fixed deposit of Rs 13 lakhs given jointly, by Mrs. Manjushree Khaitan and Mrs. Payal Uberoi.

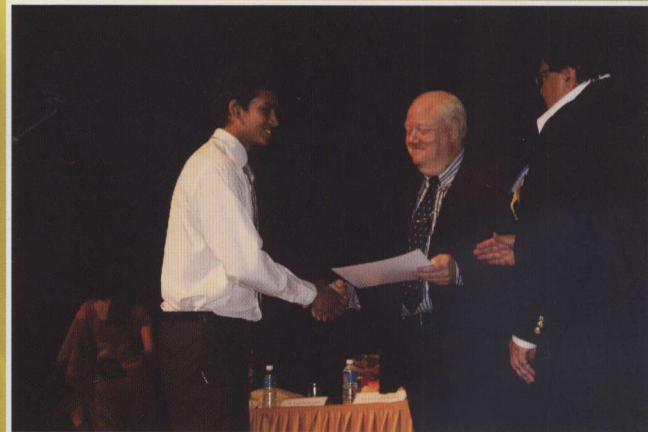

Fun fiesta was conducted in the month of July. Gifts worth Rs 1 lakh was donated by the Alumini committee members.

The President Mr. Jugnu Uberoi, sponsored cash awards at the impressive march pasts led by our PUC students during sports day celebration where the three toppers were given Rs 10,000/- each.

The Annual General Body meeting was held in the month of October at The Alumni office.

As customary the Alumni Association President addressed the entire graduation batch conveying the alumni message.

The health camp for this year was organised by the Alumni Association in association with Narayana Hrudayalaya, Bangalore. Over 200 faculty and non faculty members utilised the facility through out the day on 11th Januay 2011

Total Quality Management Systems [TQMS] and Centre for Education Beyond Curriculum [CEDBEC]

CEDBEC held various faculty development programs and national and state level workshops for teachers during the academic year 2010-11. CEDBEC organized a series of conferences including National Conference on Examination Reforms in Higher Education for Universities and National Conference on Enhancing Human Resource Development through Excellence.

Other CEDBEC initiatives included:

Workshop on Quality Assurance in Higher Education Institutions

Outbound training for faculty

Holistic Education Training , Kengeri and Main Campus

Quality Audit Presentations and OBT Presentations, Deanery wise

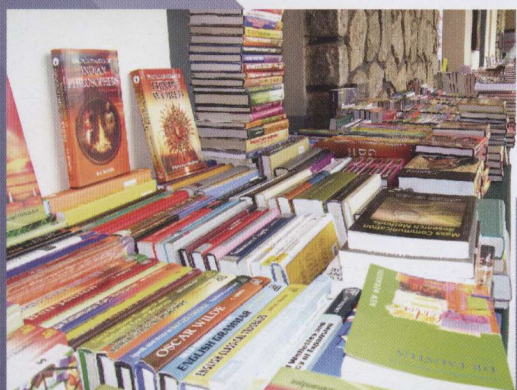

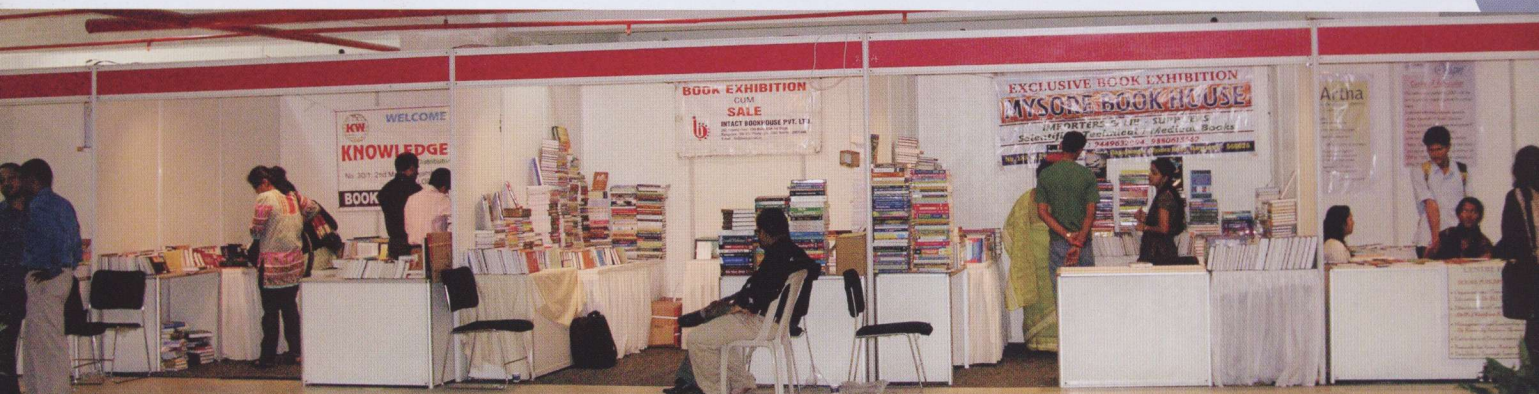

LIBRARY

The Library introduced a facility to renew books online through the online catalogue. The OECD library, one of the most significant electronic resources acquired during the year, provides access to full texts of over 5,500 books and 2500 working papers. The Library also added two new databases APA and PsycINFO. The Library catalogues 20,000 books and 450 journals for reference and circulation.

The Library organised BOOKMARK, book exhibition for the International Conference on "Mysticism without Bounds" and the Bangalore Book Festival. Knowledge Centre, the Central Block Library spread over 4 floors with MBA, Law and PG collections, is expected to function April 2011 onwards.

Sports

Selection

trials were held to form various teams to represent the University. The Department hosted CHRISPO in August 2010, which saw participation from over 63 colleges. The first edition of the 'Sports Newsletter' was published and Christ University Pedagogic League was organized. The various teams from the University actively participated and won many tournaments throughout the year. The Annual Athletic was held on 9th and 10th December 2010.

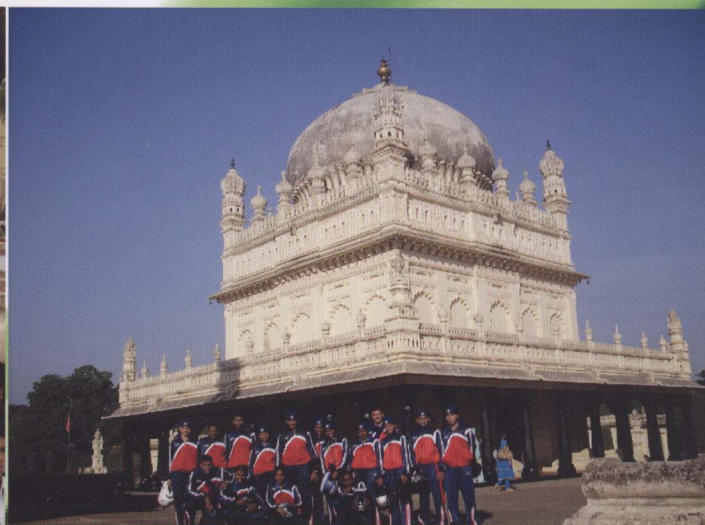

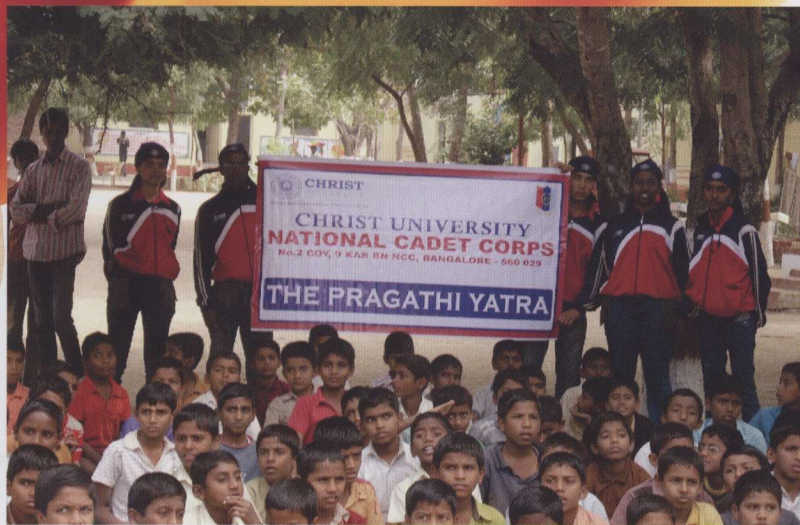

**SOUTH ZONE & ALL INDIA INTER UNIVERSITY
BADMINTON TOURNAMENT FOR MEN&WOMEN - 2010-2011**

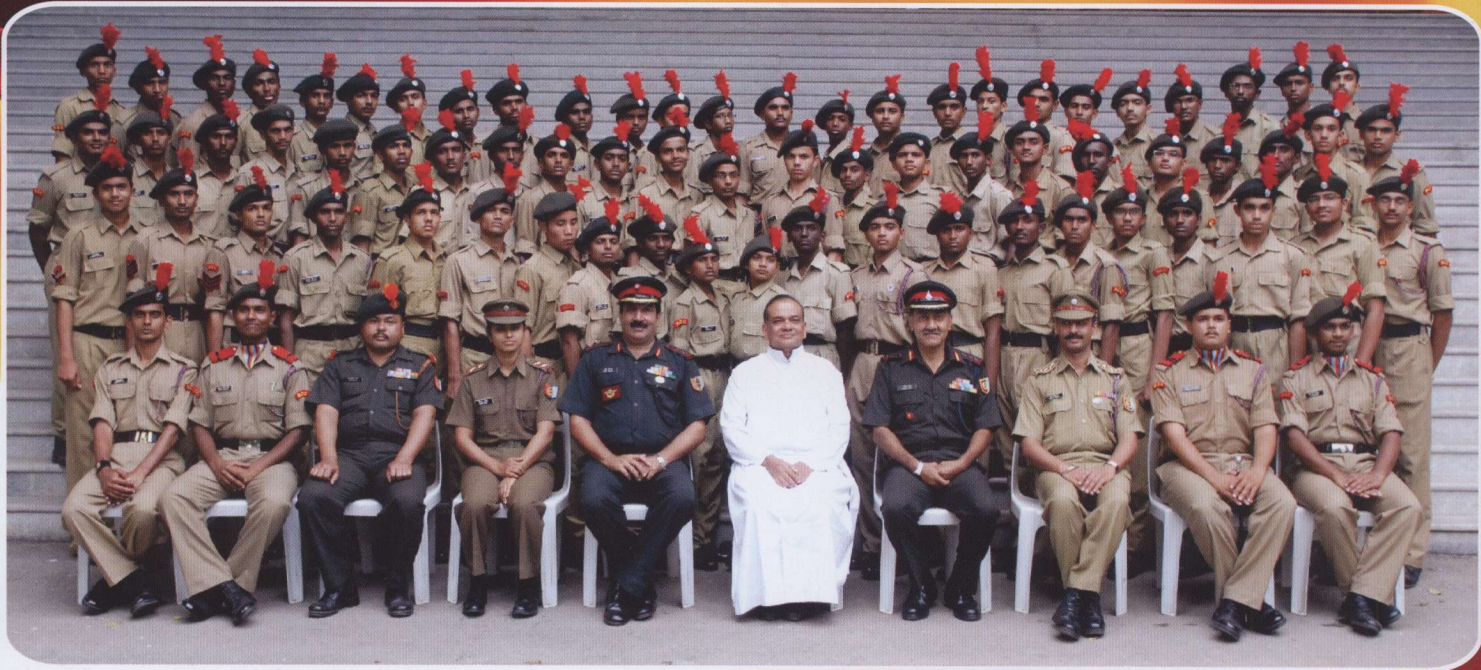

SouthZone from 27 - 31 Oct. ALL INDIA From 2 - 4 Nov.
VENUE: D.R.R.M.C. INDOOR STADIUM, VIJAYAWADA.
ORGANISED BY:
Dr.NTR UNIVERSITY OF HEALTH SCIENCES
VIJAYAWADA-ANDHRAPRADESH.

National Cadet Corps

The company had a number of awardees of the prestigious Director General NCC commendations. Cadets were awarded the Chief Minister's commendation card for the year 2010. The fifth motorcycle expedition 'Pragathi Yatra' was held. A Guard of Honor was given to Ravi Dhar. A 'Road Safety' program, Blood Donation, AIDS Awareness, Save Petrol Campaign, tree plantation and local treks were other activities during the year.

Centre for Research

Center for Research was established at Christ University in the year 2008 to nurture and nourish the research talents . The centre has MOU with many research foundations.

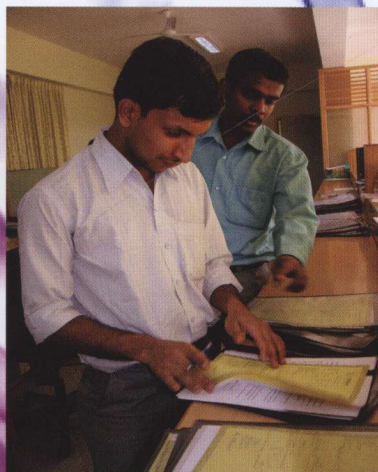

At present there are 55 PhD scholars doing research in ten disciplines. There are thirty seven empanelled guides supervising the PhD Scholars .

PhD courses start in the month of August / September of every academic year. Six months course work is compulsory and the classes are held between 5.00pm and 7.00pm. Eighty five percent attendance is compulsory.

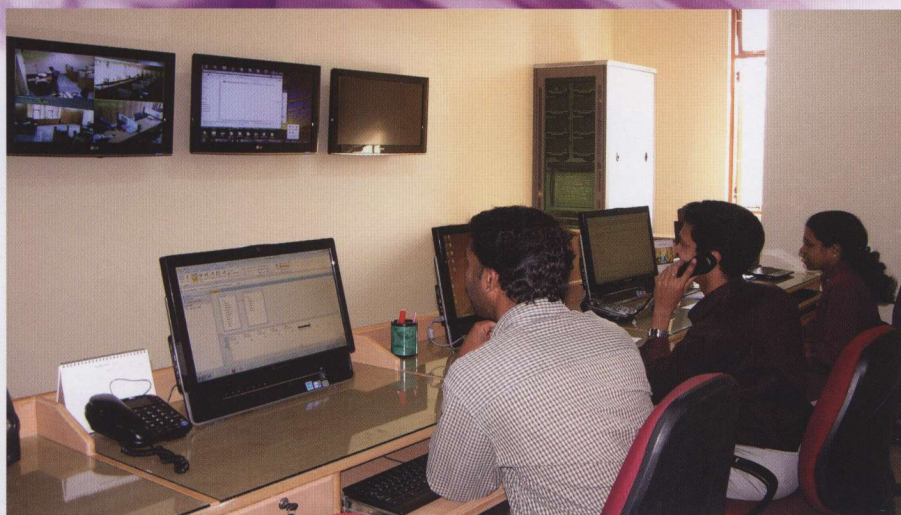

The humanities group is trained in SPSS package and the science Group in 'Mat lab' and 'Origin' with hands on experience. Term paper submissions ,paper presentations, participation in colloquia and national conferences are compulsory. Some of our Ph.D scholars have already published articles in international journals.

Administrative and Support Staff

The administrative dealings of the University are done through three channels; the IPM, the accounts office and the Personnel office. The IPM is the data and information hub of the University and it takes care of all student related information. The accounts office takes care of the finances of the University and the personnel office manages the human resource of the university.

Rector's Day and Christmas Celebrations

The Rector's Day and Christmas celebrations were jointly held on the 16th of December 2010. The event witnessed enthusiastic participation from both the teaching and non-teaching staff in various cultural events.

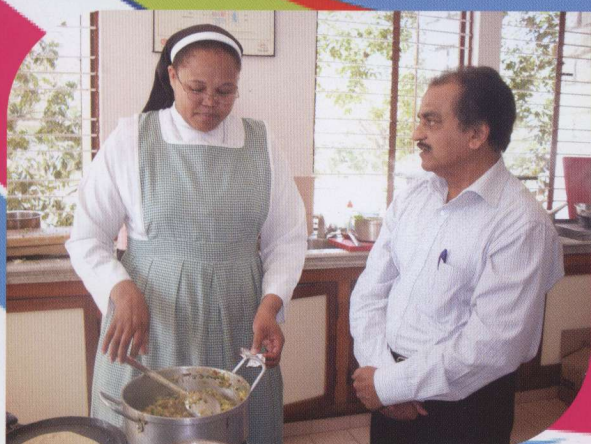

Office of International Affairs

The international office was involved in admissions of NRI and foreign students; granting fee concessions to SAARC and African nationals, conducting Intensive Language courses for students coming from non-English speaking countries and conducting an orientation course for newly admitted foreign students and an orientation programme on Indian Social System (conducted by Sociology students). Our international students also participated in all the main stream extra curricular activities like Basha Utsav and brought out Rainbow, the newsletter and organised a Christmas get-together.

The Office of International Affairs coordinated several programmes in 2010 .Christ University hosted around 100 international students for short duration study programs from USA, France, Germany and Australia , who added to the diversity of the campus. Around ninety students from BBA, BCom (T), MSc, BHM and PGDM participated in short and long term programmes in foreign partner Universities. The year comprised of a variety of activities with foreign delegations and a notable number of foreign students visiting Christ University

Centre for Career Guidance and Placement

The Placement Office was started in the year 1997 and our specialized placement cell has helped to make the recruitment process more effective and efficient over the years. During the past thirteen years, hundreds of students have been placed in reputed firms across the country.

With a database of over 700 organizations, the Placement Office almost always assures 100% placements. It strives to place the students in various organizations depending on their areas of interest and also provides effective career counselling. The highest packages were offered by Virion and Serion (for MBA students). Out of the 1001 students that registered for placements, 77.4% were placed successfully.

Placement Statistics (as of March 2011)

Total Students Placed - UG 400 / 500

Total Students Placed - PG 389 / 867

Total Number of Students Registered : 1367

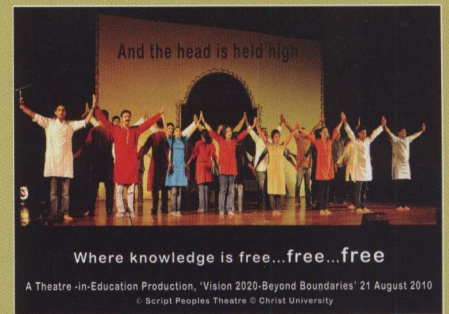

Total Number of Students Placed : 789

Theater in Education

It is said that a picture is worth a thousand words. As the world is moving from the real to the virtual – theatre-in-education takes a backseat. A backseat, to reflect on the picturesque journey and enjoy the movement that evolved between the “then-real” and the “now-virtual” journey of....the road taken.

TIE organised a music fest ‘Shoonya’; theatre programme, ‘Beyond Boundaries’ towards Vision 2020 led by bussiness management students; Darpan Theatre festival, Baptizer National Theatre Festival and Blossoms were held with great zest; “Tree of Life” broadcast on Shalom TV. Mass Communication students passed through the green land of “The Lorax” and the magical world of “Tiruvikrama”. The Hindi department dared to face the storms of “Aashad Ka Ek Din”.

Student Welfare Office

"You're only given a little spark of madness, you mustn't lose it" says Robin Williams. Yes, it was the madness of success that sparked the University Cul-Team, DEBSOC, Choir Team, Natyaaprnna and of course the back bone of all, the right and left hands of SWO- the Volunteers Team.

- The Glorious Festival of Harmony was held in Ambedkar Bhavan on the 22nd of August.
 - Inter-Deanery fest Blossoms were held.
 - The choir hosted 'Magnificat', the Christmas music festival.
- The entire program was covered by Shalom TV.
- On March 6th, the choir team hosted a classical choir from Germany known as the Maulbronn Choir.

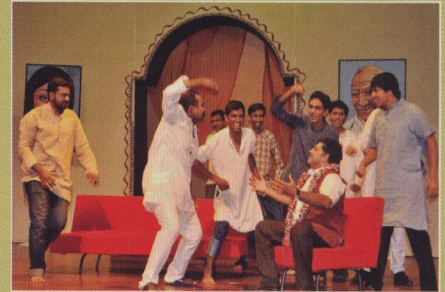

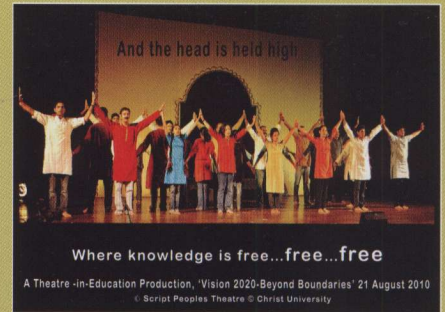

University Choir Team

University Anthem

March on Christites, March on
with heads held high and hearts so strong
march on Christites, March on
With a steady tread and a cheerful song,
march on, Christites March on.

With Excellence our Goal
we walk the wheel of time,
striving for the greatest,
in body heart and mind.
The flame we hold aloft,
a beacon shining bright,
leading by example,
where darkness we bring light.

Service is our Motto
as we strive to change the world,
we seek the book of knowledge,
as life begins to unfurl.

As we go through life,
The star of Heaven our guide,
and though we change with time,
the Christite spirit survives.
