EDITORIAL

Moments are what last for the lifetime. The Department of Professional Studies for the past 18 years has been on its astounding journey of making moments and changing its students' lives. We are proud and exuberant to acclaim that we are ready with the third edition of 'Pratibimb' which as its literal meaning 'reflection' is the true reflection of our department's remarkable feats and delighted moments of the past one year.

Change is the rule of the world and our department is no exception to it. This was yet another splendid year for our department. As a collective family, we've had extraordinary accomplishments be it be in curricular, co-curricular or extra-curricular activities. From the academic exams to artistic assessments, from business fests to cultural fiestas we have been nothing less than best in all.

This magazine is our deliberate attempt to encapsulate all the wonderful moments and cherished memories of our department and to celebrate the great achievements both in academics and cultural activities by all our students and teachers.

CONFLUENCE

Confluence means, the way in which two or more things come together to become one single thing. As it is defined the freshman who attends college for the first time and the seniors of the college comes together under one roof.

The Department of Professional Studies at Christ University conducts an induction program for the newly joined students who are the strength of our college and makes them comfortable and acquainted with the culture of this department. This is exclusively conducted by the second years for the first years.

It is obvious that when we start something new, we fear. When a student joins the college for the first time, he will feel a little intimidated and may feel a little insecure in the new

So, confluence plays a major role for such students. The core committee also conducts informal orientation, ice breakers, games and gives space for the juniors to bring out their talent and feel comfortable. The seniors also encourage the juniors to interact with the class and to socialize. The juniors should feel at home and carry a lot of memories from confluence. They would also have good memories and stories about confluence to share.

The core committee members were guided by Mr. Jossy Peter Muttath. The weeks of hard work and effort fruitfully shown in the successful program 'Confluence 2019'. The formal orientation towards the end facilitated the students to learn about their scholastic program, enlist themselves into add-on course and familiarise themselves with the rules and culture of the department and the university.

INSIGHT

Insight 2019 is an Intra Department business fest organized by the second years for the newly joined first years that introduces them to the amazing world of Business Festing. The event has become well known over the past few years for its rigor and demanding tasks.

Spreading over nine events and seventeen days, the event also aims at training new entrants for the department's festing team. The top twenty participants from the various events compete with each other for the Best Manager in the final rounds. Insight has been a tradition that the department has been following and each year, the second years uphold the same and pass it on to their juniors with many guiding hands from the third years.

Other event that adds up a lot to the overall score is the Theme Portrayal put up by each department's decor team which is in sync with the theme of the year and its judged on the basis of its aesthetics and the relevance of the same. YOUTH WEEK

“Go ahead and take risks in life - If you win, you may lead but if you lose you may guide”

Youth week was celebrated in the memory of Swami Vivekananda's 150th birth anniversary.

Swami Vivekananda was a pioneer, visionary and an inspiration to the world alike. To this day, his values, morals and unrelenting eloquence, continue to influence the society and the youth in the most impactful and pious manner. In order to celebrate his birth anniversary, we had organised a plethora of interesting events. The event was organised by faculty co-ordinators and 2nd and 3rd year students.

The events were as follows :

TURN COAT

This is an interesting form of a debate in which you have to flip sides. The participants will be given a topic and some time to think and frame their points. Then the person has to start speaking for or against the topic. After a tap or a bang, the participants have to change the sides. The tapping may happen at regular intervals.

This was conducted on January 16, 2020. There were 14 participants in this event. For the above event Dr. Jerlin Jose and Dr. Kiran were called as judges. On the basis of the evaluation criteria, Stacey from 4 BCom F&A secured the 1st place and Ansuman from 6 BCom F secured the second place. After the event, the judges gave feedback along with certain areas where the speakers could have improved.

CREATIVE WRITING

This is an art of sorts - the art of making things up. It's a writing done in a way that is not academic or technical but still attracts an audience. Though the definition is loose, it can for the most part be considered any writing that is original and self-expressive. This may include - poetry, plays, movie and television scripts, fiction(novels, novellas, and short stories), songs, speeches, memoirs, personal essays etc.

This was an event conducted on January 17, 2020. There were 11 participants in this event. The topic given was “ Make a Difference ” which was also the theme of Youth Week. For the above event Prof. Pritha Biswas was the evaluator. YOUTH RALLY

An overindulgence of anything can lead one into the state of intoxication. Substance abuse, also known as drug abuse, is use of a drug in amounts or by methods which are harmful to the individual or others. If you have the faith and will even the strongest substances in the world cannot do any harm to you. Youths may feel indestructible and might not consider the consequences of their actions, leading them to take dangerous risks with drugs.

Based on this idea of drug abuse or substance abuse, a rally was conducted on 18th January, 2020 from 1 pm onwards. There were 15 students who participated in this rally wherein the students marched from the Audi Block to Block 4 spreading awareness about the impact of drug abuse.

KANNADA NUDI

Kannada Nudi is a language club, aiming to develop one's understanding and speaking ability of Kannada language, with a special emphasis on providing contextualized learning. This includes sentences and words across various languages, and providing an insight into the local culture to further impress upon the meaning learnt by certain words.

Kannada Nudi has always strived towards making classes as relatable and interesting as possible, using various media such as movies, advertisements and songs to create an atmosphere conducive to both understanding meanings, as well as pronunciations.

Students were first taught self introduction, including their name, the place they come from, the college they are studying at etc., to help them build a better rapport with the people around Bangalore. Then they were taught Wh-words such as why, where, what etc to help them understand the context of the sentences. After some time into the programme, they were being taught on how to begin with basic conversations, starting with hailing an auto, buying a ticket on the bus, ordering at a hotel etc.

In the last few classes, the Kannada Nudi team aims to teach students how to read letters as well as provide an overall sense of the Kannada Language.

The literary society of the Department of Professional Studies, PROFUSE, presented the fifth edition of its annual collective, which is crafted with care and a passion for the written word. “PROFUSE” is an amalgamation of “pro”, both short for “professional” and a prefix to express favour or support, and “fuse”, the seamless joining of the thoughts, ideas, emotions, and expressions, always varied and colourful but never fragmented. The PROFUSE team and the fruit of their labour - the collective - are both forums for a vibrant and unapologetic celebration of a multitude of voices that ultimately come together in unison.

This academic year saw the beginning of a new journey, with the first order of business being the recruitment of new writers to join the team as editors, all of whom shared a deep passion for writing and collaboration. After a three-stage selection process, the new members, along with the old guard, began envisioning this year’s edition of the collective. Having just reborn from the shadows with renewed energy, it was now time to conquer the loftiest of goals. The journey has been a long and winding one, equal parts treacherous and exhilarating, and it finally culminates at the highest of peaks.

Perched at the very top, Team PROFUSE takes you through the theme “Pinnacle” with stories embodying the epitome of the zenith. As they celebrate these ideals, they present to you their brainchild,

A HELPING HAND

Mr. Suresh Verma

“Next to creating a life,
the finest thing a human being
can do is save one”

It is not often that we get to see someone who actually made this quote a reality. One such person is Mr Suresh Verma of BCom Morning track programme, who donated his bone marrow to save the life of an 11-year-old girl suffering from blood cancer. His donation was a part of an initiative in the University in his first year, in collaboration with a German NGO, for which he registered never knowing that he would be a match and, despite personal challenges and consequences to his health, he volunteered to donate his one marrow for a little girl called Akshaya who needed it urgently. Later on, he was offered to become the brand ambassador of the NGO and was given multiple opportunities to go to Germany in a fully funded capacity but he declined, and didn't want to make this a big deal and saw it only as an opportunity to save another life.

Even now he is changing lives of cancer patients by making small contributions from whatever he earns by giving inspirational talks. Mr Suresh shows us the best of humanity and has inspired many of his peers and the entire department at large

VOICELESS INDIA

Founded in 2016 by Mr Ankit Puri (a 17-year-old student), 6BBA F&A Voiceless India is an organization registered under Section 8 (Not for Profit) of The Companies Act 2013. Voiceless India endeavours to reduce and eventually eliminate animal abuse by spreading

awareness about veganism and compassion towards animals. The organization is also working towards creating a better tomorrow by promoting

environmental protection in Delhi NCR and Bengaluru.

Voiceless India conducts school and college workshops on Veganism, Documentary Screening of Veganism and Environmental Related Documentaries, Reflective Collar Drives for Stray Dogs, Wall Painting Drives to spread the

message of Compassion towards Animals, Sterilization Drives for Stray Dogs, Plantation Drives, Cleanliness Drives and several more projects to drive the people to raise their Voice for the Voiceless.

Impact: Voiceless India has conducted more than 55 workshops in several schools across Delhi and Bangalore, and created the required awareness about Veganism, Compassion for Animals and Environmental Sustainability. Through their recent reflective collar drive, they have reached out to more than 500+ stray dogs in Bengaluru to collar them with reflective collars, to prevent accidents at night.

Ankit Puri has done exceptionally great work towards promoting veganism. He is also leading S.A.F.E Club which is the department's initiative towards promoting overall sustainable growth.

FLOOD RELIEF

Heavy rainfall combined with discharge from Kosi and Brahmaputra river during July 5-16 resulted in severe flooding over Bihar and Assam and caused huge damage in the form of life and property.

Bihar suffered floods again in September–October 2019.

At this hour of need the students of the Department of Professional studies stepped up to do their part in providing relief.

Relief material transported to flood affected areas

This initiative was carried on in collaboration with the NGO “Feeding India”, they encouraged students to contribute in cash or kind. Numerous cartons filled with essentials and upto 21k in cash were collected. This venture was spearheaded by Prof. Bhagyalakshmi and Umang Jain of 6Bcom F&A who is a volunteer at Feeding India, and a number of other student volunteers.
