EDITORIAL

For the Department of Professional Studies, the past year can be described in one word: surreal. From lying on our couches at home and partaking in debates and dramas online to arriving on campus mid-year to continue the festivities with even greater vigor, the past few months have been a whirlwind for all of us. As the world slowed down during these testing times, our department trounced the obstacles in its way and continued to soar upward to greater heights.

The pandemic did not stop the department's drive for knowledge and excellence. As a collective family, we have made remarkable strides in all areas, be it curricular, co-curricular, or extracurricular activities. From publishing advanced research papers to staging mesmerizing theatre performances to dominating the cricket pitches, our department has proven its mettle.

As the year comes to its close, we are proud to present the 5th edition of 'Pratibimb', a conscious effort to celebrate the proud achievements of the students and faculty in all domains and to treasure the wonderful moments and memories of our department of the past one year.

MEET THE EDITORIAL BOARD

We joined offline classes on 7th February 2022 and all events and programmes were conducted online. As we joined classes very late, to compile all the data in a short span of 2 weeks was a herculean task but Team Pratibimb has taken up the challenge and the result is in front of you.

We, Team Pratibimb are proud to present Pratibimb Volume 5.

SEGMENT I

The Department of Professional Studies celebrates and welcomes cultural diversity and academic curiosity by hosting a variety of programmes and events fostering the teaching and learning community. The past year was revolutionary in terms of the challenges that had to be overcome to continue the legacy of the department's flagship events. From the first online Confluence welcoming the new batch of Christites, till the resumption of offline Cognito, 2021-22 became the year that bore witness to new levels of collaboration and leadership.

CONFLUENCE

Confluence means an act of merging into each other. This event marks the beginning of the semester by welcoming aboard the exuberant first-year students. In COVID times, we could not all come together, but we made it possible through a virtual icebreaking initiative organized by the second year students of the Department of Professional Studies at Christ University. In spite of the pandemic, DPS continued to conduct all its annual events, Confluence being one of them. The 2022 edition of Confluence, which took place online, was attended by parents as well as students. This was the first time parents were involved in any event conducted for students and we got an overwhelming response from them.

It was conducted over two days, and the first day started with a lot of enthusiasm aimed towards familiarising the students with their classmates and seniors. The seniors had even made an Instagram page wherein students could submit their art, photography, music, dance, and poetry to exhibit their talent to their fellow classmates as well as their seniors. They also got to hear about the Finance and Investment Cell, DPS Festing Team, Cognito, and internships from their seniors. This is how the first day concluded, with all the fun activities and getting familiar with DPS and its activities.

CONFLUENCE

Day 2 was dedicated to orienting the first-year students about the plethora of opportunities that DPS and Christ University provide. The students also learnt about the multitude of opportunities provided by theatre teams, dance clubs, quiz associations, choir teams, and debating clubs. Moreover, there was a virtual tour of the Christ University campus given by the seniors, which made the students long for an offline college experience! They were also enlightened about opportunities provided by Profuse, Student Council, SAFE Club, and Genesys, and it was more elaborated upon by the seniors. This wrapped up the two insightful and interactive days of Confluence 2021, which definitely marked the beginning of many learnings, experiences, and friendships.

INSIGHT

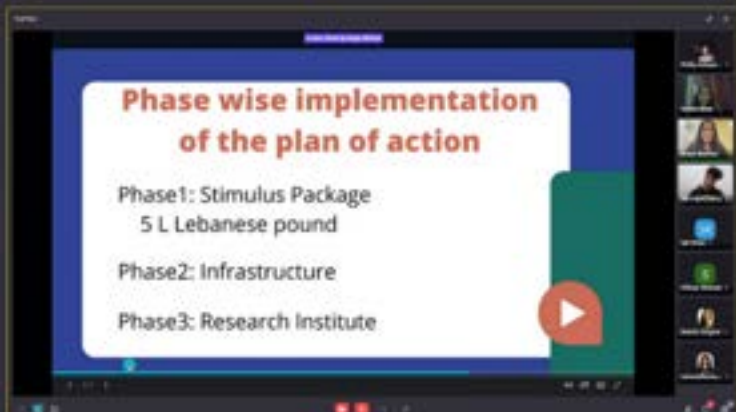

Insight is an amalgamation of different corporate verticals and business acumen that is required by any individual to ace the corporate world. It is for first-year students who are confident and determined to solve business scenarios to become a part of the Festing Team of the Department of Professional Studies. Insight has been a tradition that the department has been following for some time, and each year, the second years uphold the same and pass it on to their juniors.

Insight 2022 is an 8-day fest. It is a team-based business competition where the teams will be tried and tested in various hemispheres of the corporate world, all under the umbrella of a single business fest. On January 20th, Insight was kick started by introducing the Insight socials, where the aim was to orient the participants and warm them up to this completely new world of festing. The idea of festing was explained, along with the format of the whole event, and gave some tips based on their past experiences. They also told the participants to know what was expected of them as deliverables. On January 22nd, Insight kicked off with the business quiz, followed by marketing, human resource, public relations, finance, entrepreneurial development, production manager, and best manager on days 2, 3, 4, 5, 6, 7, and 8. Most participants believed that Insight was indeed a unique forum and an unparalleled opportunity. Despite the fact that it was hectic, they learned a lot.

FUTURE MUN

Future Model United Nations is the flagship debating event of the Department of Professional Studies, where students from all over the country are invited to take part in discussions relating to contemporary issues. The conference's 6th edition was held from 20th to 23rd April 2022, and served as a platform testing the diplomacy, problem solving, debating, and researching skills of the participating delegates.

Prior to the conference, a special carnival, L'Avenir, was held symbolising the conference's aim of working towards a better tomorrow. Inaugurated by the Director of the Department of Professional Studies, Prof. Biju Toms, and the Head of Department, Dr. Kavitha Desai, the carnival turned Garden Street into a vibrant and colourful space engaging both students and faculty alike.

FUTURE MUN

Following this, on 20th April, Future MUN hosted its Inauguration Ceremony in the presence of the Dean of Commerce, Finance & Accountancy, Mr. Tomy K Kallarakal, the Head of the Department of Professional Studies, Dr. Kavitha Desai and was graced by the CEO of Hirect India Ltd., Mr. Raj Das.

The conference was declared open with spectacular dance programs and musical performances. This year, the conference hosted six committees, namely, the United Nations Security Council, United Nations Human Rights Council, Economic and Financial Committee, All India Political Parties Meet, Futuristic War Cabinet, and International Press, which discussed matters of national and international relevance. Through productive discussions and deliberations in the committees, the delegates made progress in the agendas under discussion in their attempt to reach an agreeable consensus, and successfully simulated diplomatic debates furthering the primary aim of the conference.

DAKSH

Daksh has been the flagship event organised by the student council of Christ University, main campus. It is an annual Career Guidance Fair. And this year, the whole council was very excited and filled with enthusiasm as it was the first time when daksh happened in a hybrid mode both online and offline simultaneously. It focuses on the various opportunities made available to pre-university, undergraduate, and postgraduate students. DAKSH helps to guide students to acquire knowledge and make informed choices regarding their higher education and care. All members of the council rolled up their sleeves and worked with all dedication and enthusiasm to make Daksh 2022 the biggest and grandest edition of the event ever.

Furthermore, there were different kinds of stalls set up for all the different programmes, centers, clubs, and some cultural teams. Everyone came up together and decorated their stalls. Every member of the student council was filled with excitement and anxiety. But this anxiety eased as and when we started interacting with the parents and students alike, who came pouring in large numbers. For all of the council members, guiding and resolving their queries regarding the various facets of life on campus was a really enthralling experience.

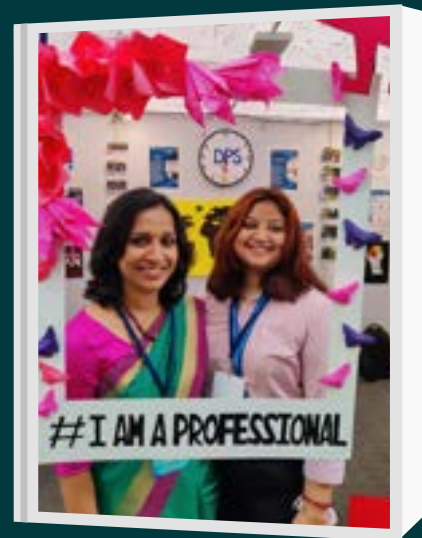

DAKSH

Daksh 2022 was undoubtedly a very demanding event, but with the support of all the members of the council, it never felt like it. The memories and the friendships I have formed during the course of this event will always be close to my heart and Daksh 2022 will be something that i carry with myself for years to come.

It was the first hybrid daksh that happened online and offline simultaneously

COGNITO

Sustaining its glorious legacy for the 14th year, the School of Commerce, Finance and Accountancy, Christ University, organised Cognito, the flagship inter-collegiate business fest on the 28th, 29th and 30th of April, 2022. Cognito stands as an epitome of corporate simulation, bridging the gap between the perceived notions of a fest and the pragmatic realities of the business world. Synonymous with the motto of 'Excellence and Service', Cognito is reputed for its unparalleled quality of rounds and hospitality, providing the participants with a holistic and insightful experience.

Department of Professional Studies geared up for Cognito to return to its roots after two years of virtual discourse, this year, the buzz was heightened owing to the unique theme, "Cognito Clawback". Clawback, one of the most renowned terms in the world of private equity, served as an inspiration to scale new heights and delve deeper into the private equity arena. The theme was revealed in grandeur on the 23rd of April, 2022, near Block II Island. The 25th of April was earmarked by the enthralling Cognito Carnival, a colourful, fun-filled festival that showcased the talents of our storytellers, instrumentalists and singers.

COGNITO

Cognito Conclave, is a platform where esteemed dignitaries from numerous industries and avenues came together and discussed matters of immense importance and unparalleled value, thus resulting into an enriching and supreme experience like no other. This year, the Conclave was studded with the presence of Ms Shreya Krishnan, Mr Ankit Kedia, Mr Manish D Souza, and Mr Anoop N Menon. The Chief Guest was Mr Jacob Crasta and the Guests of Honour were Mr Sharan Hegde and Ms Mahiti Bharathesh.

The principal Cognito Fest consisted of two events, the Cognito Quiz and the Contingent Event. The Cognito Quiz is a fierce and brain-racking event where participants battled it out over a plethora of topics until only the best of the best made it to the grand finale. The revered Cognito Quiz was won by VIT Chennai followed by Christ Bannerghatta Campus.

COGNITO

After 3 days of strenuous tasks and brain-teasing cases, the most coveted trophy in the festing circuit, Cognito 2022, was won by the Department of Commerce, Christ University. St Joseph's College of Commerce stood second, followed by the Centre for Management Studies, Jain University. All's well that ends well. Cognito 2022 ended on a triumphant note with the address of our Chief Guest, Mr Juggy Marhawa as well as the happy reminiscence of the journey so far.

BLOSSOMS

Blossoms is an inter university cultural fest at the national level wherein students from across the country participate. Renowned to be one of the most awaited cultural competitions in the year, this year's edition too was a tremendous hit. The best of the best from across the country arrived in campus to where talent and finesse were put to the test. After a fierce competition among the students, DPS bagged the glory of winning as a team in streetplay, mime and dance verticals of the competition.

The month of April witnessed the celebration of culture through carnivals, dance, and even a musical performance by the renowned Siddharth Menon, an Indian playback singer, film actor, co-founder and vocalist of the Thaikkudam Bridge music band.

STREET PLAY - TEAM DPS

We as individuals have a unique style and nature. We befriend those groups which suit us and make us feel like family. One such group are our Street Play teams. Though our college and our department have multiple teams, we shared a common feeling. Our love for the art of Street Play.

The love and respect towards the art along with the objective to reveal the truth, brought the teams Ruhaan, Aakrosh and Team Professionals together for the first time in the history of the department. Though there existed a certain distinction among the teams, the amalgamation of three teams only brought mutual love and respect for each other.

Different entities but now Team DPS was an undefeatable pool of talent. The coalition helped each member reach their potential, make new relationships, creating an unbreakable bond. This collaboration helped Team DPS place First in Inblooms with two plays, namely 'Incognito' and 'Inaayat'.

Team DPS created a wonderful piece of art which not only showed the truth but also touched the audience's hearts. The team achieved the primary goal set out for itself. This merger, the win was something which we have all dreamt of. The union created the ultimate bond and the ultimate team that crosses all boundaries to push the truth forward.

We are TEAM DPS!!! We are gonna push our voice FORWARD!!

PROATHLON

The 4th season of Proathlon, an intra-department sports fest, was conducted by the Department of Professional Studies from 20 March 2022 to 29 April 2022. The Tournament consisted of various sports, including Football, Cricket, Table Tennis, and Handball, among numerous others, with new additions this year - Women's Football and Handball.

All teams showed immense interest and dedication during the course of the sports fest and renewed the competitive spirit of the University's community.

The event concluded with the Faculty vs. Student cricket match, the respective teams being Faculty Challengers Bangalore and The Royal Strikers, on 29th April 2022 in the University Grounds.

PARIKSHIT 4.0

The Actuaries Day is organized on 21st August every year by MSc Actuarial Science, Department of Professional Studies, to commemorate the birth anniversary of the first actuary of India, Late Shri L S Vaidhyanathan, who helped in establishing the Actuarial Profession in India which ultimately helped Indian Insurance Industry post nationalization.

This year, with the guidance of the faculty coordinator, Dr. Sameena Tarannum, the event was conducted online on Cisco Webex. It was commenced with an invocation song, followed by a video depicting the importance and relevance of celebrating Actuaries Day.

The event was graced with the presence of the chief guest of the event - Ms Margerie Ngwenya, FIA, Leadership Coach, Non-Executive Director, Author, Speaker, Past President of The Institute and Faculty of Actuaries, UK. She was the first president elected by IFoA Council who was based outside UK and also the youngest president in the organisation, who addressed the audience and motivated them on pursuing our career and keeping ones goal and destination clear.

This was followed by a tribute to Mr. Mahidhara Davangere, by R Anjana and Peddina

Sripriya through a memorable video and a poem.

The event was then continued by the 4 eminent guest speakers, Mr. Carlson Tata, Ms. J Meenakumari, Mr. T Ravi Seshadri and Mr. Tanveer Singh who gave the students very inspiring and motivating speech and proactively indulged in their Question and Answer session.

Our beloved Director of DPS, Prof. Biju Toms gave the concluding remarks. As rightly put by sir, “The will to win and the desire to succeed and the urge to succeed will help to unlock the true potential in us.” This was followed by the vote of thanks, rendered by N V Srihari of IMSAS as a token of gratitude to everyone who worked to make this event a memorable one. The event ended with CHRIST anthem.

This interactive session was followed by a quiz conducted on an online platform Kahoot by team “inQUIZtive”, students of IMSAS, Libin John and B Hiteshworie, based on the fields of actuarial science and insurance.

Clubs

SEGMENT II

A hub of multifarious talent, the Department of Professional Studies is a proud home to unique clubs. While existing clubs carefully navigated their way through the pandemic, the vibrant minds of the department also gave birth to yet another new and innovative club, the Finance and Investment Cell, despite the shackles of the online world. Ultimately, all students from freshers to seniors find a safe haven in the buzz of clubs that fosters talent and united growth.

ALEKH

ALEKH, is the Art Club of the Department of Professional Studies. Started at 2018, the club appreciates and allow Artists who are looking for the right place to visualize and create.

Daksh

Daksh is an Annual education and career fair conducted and organized by the Student Council. This event provides a platform for all the students to explore the various career options available to them at CHRIST (Deemed to be University). Each department across the campus sets up stalls displaying the various programmes that their department has to offer. The Alekh team worked on the decor aspect of these stalls for DPS. We made 3D models, several posters and photo hangings. It was decorated in the best possible way.

Blossoms

Blossoms, has been the biggest event for our Art Club for the past three years. This year, we presented "Around the World". Our concept was to show different continents ; their culture and what's special about them through a theatrical scenario. A director was made out of newspapers, pipes and jute who is about 5'3 feet tall sitting with a vintage camera, made out of cardboard and a stand with pipes. The director is surrounded with screens - each screen representing a particular continent , their culture and lifestyle, with an element of peace that brings all these cultures together.

FMuN

Future Model Nations is the flagship debating event in the Department of Professional Studies. The conference's 6th edition was held from 20th to 23rd April 2022. L'Avenir was the special event to felicitate the event. We worked with the carnival team to decorate stalls. From three time zones, past, present and future till the photobooth stall, we had a lot of fun decorating them.

ALEKH

COGNITO

Cognito is a business fest of corporate eminence , delineated to emulate the corporate world. The Cognito Carnival, was one of the best carnivals DPS has witnessed this year. The Alekh Team worked intensely to make this event a success. For the theme reveal , a clawback machine was made along with the Cognito model. A lot of games were made, including bowling alleys, spin the wheels and posters. The theme reveal and carnival was a colourful success, and Alekh takes pride and honour working for Cognito.

Alekh had to reincarnate on the arrival of Daksh. The team, just after the pandemic was as unprepared as it could be, started working since then. All these events gave us a great opportunity as artists to create. With our faculty coordinator's support, Dr.Sameena Tarannum, the team had the platform to achieve "Creativity-People-Passion".

SUSTAINABILITY AND FOREST EDUCATION [S.A.F.E] CLUB

The Sustainability and Forest Education (S.A.F.E) Club is the only club in the Department of Professional Studies that is working towards spreading awareness about animal cruelty and environmental degradation by aligning with the United Nations Sustainable Development Goals- SDG 5, SDG 11, SDG 13 and SDG 15.

SDG 5: Gender Inequality

SDG 11: Sustainable Cities and Communities

SDG 13: Climate Action

SDG 15: Life on Land

Vision: To spread environmental awareness and provide sustainable efforts for preserving, conserving and improving our environment.

Mission: To spread awareness about environment issues, conduct environmental drives, facilitate recycling and reusing initiatives and provide volunteer support to other organizations working towards the betterment of animals and the environment.

Objectives:

- To foster an environment where responsibility towards animals and the environment is inculcated in the club members and students of the department.
- To provide sustainable solutions to environmental issues being faced in various localities.
- To organize environmental drives for spreading awareness and improving the environmental condition of identifiable localities.
- To work towards implementing recycling and reusing initiatives in the department.
- To provide volunteer support to organizations working for the protection and conservation of animals and the environment.

SAFE CLUB

Events/ activities organized during the academic year 2021-22

- Prose and Poem Writing Competition

As a part of our continuous effort to keep the student community engaged, the Safe Club conducted a Prose and Poem writing competition during the month of April. It was an opportunity for students to put forth their ideas and showcase their creativity. Participants submitted Prose & Poems on topics such as animal welfare, sustainability, forest conservation, etc. Out of the various entries we received, the top two entries shortlisted were of Armann Shariff and Drashti Shah from 2 BCOM F&A - C.

- Wildlife SOS Fundraiser

The SAFE Club joined hands with Wildlife SOS to raise funds towards the welfare of the bears, elephants, and leopards under their care! Wildlife SOS has multiple rescue centers all over the country, including a Bear Rescue center right here in Bannerghatta, Bangalore. Over the past few years our volunteers have witnessed firsthand the immense effort and commitment that is needed to care for these animals. Most of these animals have suffered greatly at the hands of vicious abusers; exploited to the point of permanent damage.

With contributions from over a hundred students, the club was able to make a significant difference in the lives of these vulnerable animals.

SAFE CLUB

- Chit Chats with Shalu

The Sustainability And Forest Education (SAFE) Club at the Department of Professional Studies, CHRIST (Deemed to be University), Bangalore, on the 8th of February 2022 had organized a webinar to convey the positive impact of switching to veganism. This Webinar was in collaboration with Ms. Shalu Nijhawan, a certified holistic nutrition and health coach who has been awarded the “Top 99 achievers” award in 2021 for her work in the field of nutrition for disease reversal and animal welfare.

The event, which was held at 6:00pm covered vital aspects such as climate change, effect of animal agriculture on the environment, how change in consumption habits can help reverse environmental damage, methods to replace unhealthy food with healthy, vegan alternatives and their availability & accessibility. The webinar ended with discussing vegan celebrities, specifically Virat Kohli, who turned vegan and has not looked back since and Kuntal Joisher, who conquered the world's largest peak, Mount Everest after turning vegan. These examples are proof that protein from meat and dairy are not necessary for one's physical wellness. The event gained quite some traction, attracting over 350 participants who interacted with the speaker with zeal and enthusiasm.

The webinar was a grand success in creating awareness and encouraging people to move towards veganism and switch towards a more sustainable lifestyle. The speaker brought to light easy to make vegan recipes from ingredients available everyday at Indian homes. All in all, the event proved to be one step further in ensuring healthier lifestyles and a healthier planet.

SAFE CLUB

- MEME-A-GRAM

During the month of November, The SAFE Club held competitions on social media platform Instagram wherein participants submitted memes and reels based on current environmental happenings. Entries with the most impact, relevance and public appeal were recognized and appreciated. Fun and exciting competitions like 'meme-a-gram' and 'reel to compete' were held. Students were scored on the basis of creativity, design, originality, relevance and post engagement. The clever portrayal of Siddharth Vaswani of 2 BBA FA - B and Aryan Dalai of 4 BCOM IF stood out from the rest.

Through such events, we seek to ensure activism towards the environment by the current generation through mediums that would ensure maximum appeal and recognition.

SAFE CLUB

- WALL PAINTING DRIVE WITH VOICELESS INDIA

The Sustainability and Forest Education (SAFE) Club of the Department of Professional Studies conducted a wall painting drive in collaboration with Voiceless India on the 3rd of April, 2022. The event aimed to spread awareness about the importance of animal rights and veganism.

The drive started at 9:30am with an address from Voiceless India and went on till 2pm with volunteers painting across a stretch of wall opposite to BES Educational Institute, Jayanagar. The paintings, designed to spread the message of compassion and kindness through art, garnered the attention of many passerbyers which allowed volunteers to explain the mission of the drive to them. The words and images used conveyed the need for action to prevent cruelty against animals and also highlighted that even slight changes in our lifestyle choices may greatly benefit these sentient beings. It touched upon various issues prevalent in society like animal testing, adopting animals over shopping and even the abuse suffered by animals at the hands of the cosmetics, dairy and poultry industry. The event attracted many volunteers not just from SAFE Club but CSA as well, all of whom actively engaged in this effort to make a change.

The compassion drive was a huge success encouraging people to be more compassionate and considerate towards animals with simple messages and touching pictures. This initiative, spearheaded by Voiceless India, gave a voice for the rights of non-human animals through art, allowing them a chance to be treated with respect and kindness.

FINANCE AND INVESTMENT CELL

The journey at FIC has been an enlightening one. There is so much we have learned with the help of FIC. One of the mediums we focused through FIC for providing knowledge and information was the Newsletters. The idea for the newsletter was to provide insights into the world of finance in snippets and in a simple language. We were really excited about this new experience we were about to embark on. We decided to name the newsletter 'Moneybag Bulletin'. The next step was to decide the topic for the newsletter. Do we want to keep it only on one topic? Or do we want to keep it different topics each month? This decision was taken after a lot of calculations and thought processes. We decided to keep new topics each month. The first topic on which we based our first ever newsletter was The Stock Market. We wanted to make it simple for readers to understand the concepts. We added the section Learning Curve along with the Crossword section. We provided snippets of the major events that took place in the month along with the editor's pick. After the first newsletter, we started looking for various other topics. While we started looking for various topics, we also had an ambition of making the newsletter even more bigger. And we were able to achieve that. We onboarded more second years and some first years as well. The whole process of the newsletter was a lot of research based work. But fortunately we had a team which was not ready to give up and was dedicated to get the newsletter to the next level. We released three more newsletters with topics which were really interesting and were well appreciated by the whole university. Along with this we also started Fridays with FIC and the PR team was really helpful with that. Along with the newsletter team, Devanshi was one of the driving forces who was always there to help us. Our seniors, Nishant and Satvik were always the guiding lights. We can never forget the help from Professor Mathew Varghese. Sir has been an inspiration to the team and has always guided us in doing our best.

The newsletters will always be one of the mediums to carry on the legacy of FIC to provide knowledge. As the world of finance changes every second, we strive to cope up with that change with the newsletters.

3. MOU Signing Ceremony Between CHRIST (Deemed to be University) and National Insurance Academy (NIA)

National Insurance Academy (NIA) is a premier institution devoted to equipping the insurance industry with the best of talents. Its close association with the Insurance industry provides the 'real life' reference to its training, education, research and consultancy activities.

NIA was established in 1980 jointly by the Ministry of Finance - Government of India, Life Insurance Corporation of India, General Insurance Corporation of India, The New India Assurance Company, National Insurance Company, United India Insurance Company and The Oriental Insurance Company on 16th December, 1980 in Mumbai to be the institute of excellence in learning and research in Insurance, Pension and allied areas. The Academy was shifted to Pune on 4th June, 1990 with the state-of-the-art facilities for learning and research.

The collaboration is bound to strengthen the Insurance education in our country through Industry Academia and academic institutions exchange programs. It would also generate opportunities in Research and social projects besides addressing the twin challenges of Low insurance penetration and inadequate social protection.

5. REPORT ON LINK TALKS – 1

LINK TALKS Series is an insurance educational talk series initiative taken up by the Department of Professional Studies and is organised by the insurance club, CUFLINKSIA. It was organised on 18 September 2022 on Cisco WebEx. Linking insurance knowledge, LINK TALKS are all about catering the latest insurance developments to us by industry experts and gaining new insights and perspectives on the ever growing insurance market. With each talk, we hope to provide knowledge on a contemporary insurance topic and its importance and how it affects us all. The first LINK TALKS was on the topic “ESG and Insurance” by Mr. K. Sanath Kumar, the Keynote Speaker of the event.

With the growing concerns about environment and sustainability, the dynamic field of insurance too has become inclusive of sustainable practices. Although it's a fairly new dimension being adopted by the industry, there have been unique developments made. People are finally getting acquainted with this knowledge and the LINK TALKS is a step towards spreading this awareness. He enlightened the students by further elaborating on the topic UNEP Finance Initiative, which has over 400 members including banks, insurers and investors and was created to provide the financial sector needed to serve the people and the planet while delivering positive impacts.

The event helped students and faculty gain insight through the speakers' unparalleled experience and industry expertise. This is what LINK TALKS aims to bring to its audience in the upcoming sessions as well.

The coordinator of CUMERIC, Mr. Binu Abraham, and Mr. Sajith Nair added value to the occasion through their virtual presence.

DPS DEBATING & MUN SOCIETY

Established in the year 2018, the Department of Professional Studies Debating & MUN Society has always aimed at uplifting the young talents and tomorrow's leaders to voice out their opinions on the world's pressing issues. The Society acts as a center for students to improve and enhance not only their vocal skills, but also their leadership abilities.

Students come here as active debaters and are reformed to be true diplomats. At their Society, their vision is to walk their members through the doors of diplomacy. Introduced as a small society with a headcount of around 35-40, to becoming one of the most recognized MUN Societies across the Southern Indian Circuit with an overall headcount of around 200, the Society has come a long way!

From attending conferences within the University to sending delegations to other parts of the country like, Nagpur, Chennai, and Kerala, their students are known for their remarkable performances and they have successfully left a mark everywhere.

The Academic Year 2021-22 started with the Pandemic and that is when the newly elected members took over the Society. The current year has been quite difficult for the Society to spot great talents considering the online setup. Despite that, their members managed to sit through hectic schedules of the online conferences, pushing forth their vision.

DPS DEBATING & MUN SOCIETY

ANNUAL INTRODUCTORY MEET

Considering the tough times people had to go through during the Pandemic, things were not easy for the MUN Society as well. It had witnessed a drop in the amount of participation from students in the previous year. To set things on the right track, the first and foremost event they had hosted was their Annual Introductory Meet on August 14, 2021.

It was hosted online and over 400 first and second-year students had registered for it. It was inaugurated with the Convenor of the Society, Ms. Aditi Vairavan's Address and was conducted in the presence of Prof. Chidambaram. The objective was to enlighten the freshmen with the basics of MUNs, organizing conferences, the structure of the Society etc. Through this, they aimed at attracting people for their prime event - Intra MUN 2021. Useful insights and tips for researching was also given by senior members of the Society.

To break the ice, they had even played fun games like taboo, air crash etc.

INTRA MODEL UNITED NATIONS

Intra Model United Nations, one of the prime events of the Society, was organized in the month of August 2021 for the third time. The third edition had four exquisite committees, namely – The United Nations Economic & Social Council, The Inter Global Committee against Terrorism, The All-India Political Parties Meet and The International Press. These committees were chaired by the students within the MUN Society and it was hosted with an objective of selecting the newbies into their Society.

Going by the words, “good research is always motivated by a good agenda”, the students spent a great time on ideating the agendas for each of the committees.

Along with Intra MUN, the Society had also opened applications for their Tech and Marketing Team and the recruitment process went through successfully.

DPS DEBATING & MUN SOCIETY

INTERIM MEET

In the month of January 2022, The DPS Debating & MUN Society had conducted an Interim Meet was hosted in the presence of their Faculty Coordinator Prof. Samreen Ayesha, with the objective of keeping track of the records of their members.

The Faculty Coordinator and the Convenor had addressed the crowd and gave useful insights about their upcoming events for the year.

BADGING CEREMONY

In order to honor and felicitate the senior members and members who held prime positions in the Society, the badging ceremony was planned. This marked as the first offline meeting of the Academic Year. It was held in the Panel Room of Christ University Block 2, at 1 PM on the 7th of March.

As their flagship event Future Model United Nations was fast approaching, they formally announced their Secretariat on the very same day. The event was graced by the presence of the Head of the Department, Dr. Kavitha Desai and Prof. Samreen Ayesha. The members were badged by the esteemed faculties as the Convenor announced their names and called them on stage.

DPS DEBATING & MUN SOCIETY

FUTURE MODEL UNITED NATIONS

It was that time of the year when everyone in the Department, irrespective of whether being part of the Society or not, came together to put forth their most prestigious conference. On the 20th, 21st, 22nd and 23rd of April, the 6th Edition of Future MUN was organized by the Society. Lead by the senior members from the front end, with the humongous support given by their Faculty Coordinator and their Department, the junior members had indeed had a great time working long hours for the event.

The Society is specifically known for hosting Future MUN every year and this marks as one of the most prestigious MUNs in the Southern Indian Circuit. This is where students from across borders come together to debate about the most concerning issues revolving around world peace and international security. With an External Executive Board having lavish experience in this field, the event organizers made sure Future MUN allows room for having qualitative debates and fruitful discussions.

This is where, they believe that “discussion trumps destruction”!

Academics and Professional Achievements SEGMENT III

Academic excellence is the trademark of the Department and the past year went down in history victorious in carrying on this legacy. The volume of research articles, commended presentations and other initiatives undertaken by the faculty along with the academic achievements of students is testimony of how everyday campus life honours and celebrates intellect and wit.

Special

Achievements

SEGEMENT IV

A remarkable trait of our department is its ability to identify the potential of its students, hone their craft further and then connect them with the right platforms to display their skills and talent. Consequently, students are able to actualize their fullest potential, with many even winning remarkable accolades and reaching unparalleled heights. The past year has witnessed many of our students accomplish extraordinary achievements in a multitude of events, thereby further raising the bar of excellence that the department had already set.

INTER COLLEGE FESTS

The Festing Team of the Department of Professional Studies has added another feather in its cap with yet another highly successful year to add to its long standing glory. With 5 Overalls won and more where our gifted festers placed, the legacy of the DPS Festing Team lives on with the Festing Team for the year 2021-22.

The year started off with the intra-departmental fest Insight, conducted to bring on board the freshmen of the Department of Professional Studies and introduce them to the rewarding world of festing. Insight served as the gateway for talented young blood in the form of the first years to join the Festing Team and served as a stepping stone to the start of their collegiate festing careers. The 7-day fest saw the novice festers receive round after round of comprehensive case studies related to business functions varying from Marketing, Public Relations and Human Resources to Finance, Entrepreneurship Development & Corporate Strategy and Best Manager. Their promising performance left no doubt that the future of the Festing Team lies in capable hands.

Once Insight came to an end, the festing season began with a bang with Consortium where our contingents bagged both 2nd and 3rd place. This was succeeded by a series of impressive wins in multiple fests from Chanakya and Turas conducted by St. Joseph's College of Commerce to Prayas conducted by Department of Commerce, Christ University and Telesto conducted by Christ University - BGR. Our contingents reached great heights in Precipice organized by the Center for Management Studies, Jain University where our team worked on the final round of the fest while touring the United Arab Emirates. The festing team also participated in Prodigy conducted by Kristu Jayanti College (Autonomous), Cross Currents organized by Mount Carmel College and Espirit conducted by School of Business & Management, Christ University where our festers won many accolades.

INTER COLLEGE FESTS

We added four Overall trophies to our growing collection over this season due to the excellent performance of our festers at Swatantra organized by the TKM Institute of Management, Samanvaya held at Jain University, Jayanagar, and Erudition, and Threshold conducted at St.Joseph's College of Commerce. Finally, the festing season came to a triumphant end with the DPS team conquering Virtuoso organized by St.Joseph's College of Commerce by placing first and second and bagging our fifth Overall win. This marked the end of a rewarding year of festing as the team bounced back from the world of online fests to those held offline and held up the illustrious legacy of the Festing Team of the Department of Professional Studies.

SOCIAL OUTREACH SEGEMENT VI

Staying true to the university's motto of "Excellence and Service", the Department takes pride in its clubs that focuses on social service endeavors along with excelling in academics and co-curricular activities. Through clubs like WeJump, Genesis and other social outreach initiatives, we celebrate the joy of giving back to our community.

VOICELESS INDIA

Founded in 2016 by Ankit Puri (a 17 year old student of Finance), Voiceless India is an organization registered under Section 8 (Not for Profit) of Companies Act 2013. We endeavor to reduce and eventually eliminate animal abuse by spreading awareness about veganism and compassion. We are also working towards creating a better tomorrow by promoting environmental protection. We are an Animal Rights and Environment Protection Organisation that aims to advocate for the rights of non-human animals and our planet through Public Policy, Direct-Impact Projects and Awareness Programs, and Vegan and Humane Education. Aims to protect the rights of non-human animals and our planet, and prevent their exploitation through the means of Education, Public-Policy, Research, Public-Awareness and Direct-Impact Initiatives.

INITIATIVES

1. Voiceless India Workshops

Voiceless India conducted over 20-30 online workshops with schools and colleges across India to inform and sensitize participants about animal rights, veganism and environmental protection.

2. Buddy Jerry Course Curriculum

The Buddy Jerry Course Curriculum is an ambitious project that involves the implementation of a 6-month formal program across schools and colleges to sensitize students around Animal Rights, Veganism and Environmental Sustainability. The program takes its name from Ankit Puri's (Founder, Voiceless India) companion animals- Jerry and Buddy, whose influence was one of the primary drivers for founding Voiceless India- an 80G registered Section 8- Not for Profit Organization. The course curriculum is modeled on Voiceless India's Animal Rights Workshops and consists of modules such as:

VOICELESS INDIA

1. Animal in Entertainment
2. Street Animals
3. Animal Testing
4. Animals in Clothing
5. Animals in Food
6. Impact of Animal Agriculture on the Environment.

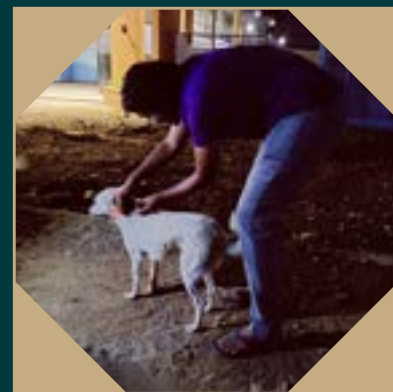

On 9th November 2021, the project was implemented at Carmel English School in Bangalore with the students of grades 4 to 9 as a pilot project. Based on the responses from the students and faculty members, the program will be refined further and will be launched in mid 2022.

3.Voiceless India's Reflective Collar Drive 2021 (Collared 1000 street dogs)

Reflective collars are essentially custom dog collars with a reflective tape that makes street dogs visible to us at night. The main purpose of such collars is to avoid road accidents wherein street dogs may be run over by vehicles due to the driver's inability to see these animals in the dark. The first edition of the RCD conducted in 2020 in sponsorship with Heads Up For Tails Foundation saw great success, during which we collared over 500 dogs across 38 locations in Bangalore.

4. Voiceless India's Reflective Collar Drive 2022 (Target to collar 2000 street dogs- currently on-going)

In RCD 2022, Voiceless India is collaring 2000 street dogs across over 10 cities in India. We have collared 1000 dogs till date and have another 1000 dogs remaining. There are over 100 volunteers on board.

VOICELESS INDIA

5. India Against Animal Abuse

#IndiaAgainstAnimalAbuse is a campaign that aims to urge the Department of Fisheries, Animal Husbandry and Dairying, to review and amend the Prevention of Cruelty to Animals Act, 1960. On 8th September 2020, Voiceless India had sent an email and physical post to the Department of Fisheries, Animal Husbandry and Dairying regarding the same. You can see a copy of the letter here: <https://voicelessindia.org/indiaagainstanimalabuse>

Moreover, we had created an email facility on our website through which people can send an email to Hon'ble Minister Shri Purshottam Rupala ji and urge him to review the act. It is available on the following link along with the Letter that we had sent to the Ministry:

<https://voicelessindia.org/indiaagainstanimalabuse>

Please note: The physical letter was addressed to Shri Giriraj Singh, who was in charge of the Ministry at the time.

6. Compassion Drive 3.0 / 4.0 / 5.0 / 6.0

Compassion Drive is a series of wall paintings created to spread the message of compassion for all sentient beings across Delhi and Bangalore. Wall paintings are an effective form of advocacy that convey a strong message for prolonged periods of time to a large audience. The frequent (often times daily) reinforcement of the message tends to have a deeper impact on people in terms of absorbing the intended message

Few of the messages imparted through the wall painting drives include "Adopt, don't shop!", "Be Kind", "My mom, my milk!", "Friends, not food!" etc.

For all the conducted and scheduled drives, various citizen groups and the animal rights/welfare communities of the respective cities have enrolled to come forward and become a part of the initiative. The volunteer team will be an amalgamation of painters who will sketch, adding details to the paintings while others will fill in colours to make the paintings attractive and impactful. A total number of 30-35 volunteers were present for each scheduled drive.

VOICELESS INDIA

7. Red Not White- Dairy is Udder Nonsense

Our #rednotwhite campaign was a virtual campaign that was conducted throughout the month of June 2021 (international dairy month), to showcase the abuse and cruelties of the dairy animals along with the huge ecological footprint of the industry. Through the campaign, we conducted webinars, virtual events and educational workshops to showcase the plight of non-human animals in the dairy industry along with the health impacts of dairy consumption.

8. Mental Health Matters

Working for the welfare and rights of non-human animals can be emotionally exhausting. Especially in the last two years, since the pandemic began, there have been various turmoils. As activists and welfare workers, it has been a difficult time throughout, and we may be prone to the issues like helplessness, distress, anxiety & feeling of loneliness and invalidation. Voiceless India has started a workshop aiming at building emotional resilience to continue activism and welfare work unhindered and providing coping strategies for the mental health concerns.

CO-HELP

A glimpse of our support:

Since the staggering spread of the new strain of COVID-19, there had been an alarming increase in the number of cases reported and death toll. Lack of donors, ventilators, beds and vaccines was only worsening, what was already a deadly pandemic.

This prompted the founders - Prabhjas, Mayank, Samar & Shyla with the support of our faculty member Dr. Sameena Tarannum and Director, Prof. Biju Toms to come up with Co-Help, an initiative to help those in need of essential resources such as oxygen concentrators, oxygen cylinders, BiPAP monitors, ICU beds, etc. during the tough times. At Cohelp, the team responds to the requests they receive by sharing leads which are personally verified by their volunteers.

This initiative commenced on 23rd April, 2021 with merely 18 volunteers. Since then, they have expanded their reach PAN India and also onboarded new volunteers. Currently, they have a team of 68 students who are working with utmost dedication and zeal under the guidance of our faculty member Dr. Sameena Tarannum. The team also extended support to non-COVID patients by providing them verified blood and platelet donors for other illnesses. Amidst all the chaos, their initiative was that one ray of hope for those who needed it the most.

The team of Co-help is exhilarated that from the time this initiative was set into motion, they have come together and helped hundreds of beneficiaries by providing them verified leads. They believe that the joy of being able to aid those in desperate need of resources during these dark times is inexplicable. They look forward to working with the similar level of commitment and save as many lives as they can.

GENESYS

“Continuous Learning is the minimum requirement for success in any field” - Brian Tracy

Developing digital literacy and communication skills in young minds is the main aim of Genesys, a Department of Professional Studies' initiative at Christ (deemed to be University) to teach the children of the housekeeping staff.

The current pandemic situation has forced Genesys to shift classes online and currently the club teaches around 50 children online and helps them with their subjects so as to make them comfortable with the school's online curriculum. Each trainer is allotted a particular child and classes are held in the evenings at a time convenient to both the child and the trainer. The online classes that began in September 2020 are being continued in this current academic year as well.

“ The trainers, being university students themselves, have managed to put others' needs above their own and volunteered to train children from classes 3rd - 12th. The effort put into the sessions might seem minimal, but have greatly impacted the children and improved their knowledge of the subject and in the process also familiarize them with using gadgets for their education.

GENESYS

Our Faculty In-Charge: One need not be a teacher or a computer expert, all they need to do is spend a few hours with the children. A candle loses nothing by lighting another candle, let's be the light for them. In case someone wants to be a part of this initiative please approach Dr. Budha Anuradha, our pillar of support.

Activities in Genesys:

- Digital literacy- teaching children basic computer skills eg; Paint, Microsoft word, Powerpoint, Excel.
- Developing oratory and public speaking skills.
- Awareness about current affairs and various global issues.
- Imbibing in them a love for the environment and a concern for social issues.
- Explaining subjects through practical examples and developing a conceptual framework.

Due to the current pandemic, Genesys volunteers are teaching around 25 children online and helping them with their subjects so as to make them comfortable with the school's online curriculum. Each trainer is allotted a particular child and classes are held in the evenings. Online classes started in the first week of September.

One need not be a teacher or a computer expert, all they need to do is spend a few hours with the children. A candle loses nothing by lighting another candle, let's be the light for them.

IMPORTANT EVENTS

1. Core Team Selections

August 2021

With the onset of the new academic year came the need for the club to revamp Genesys and bring in a new set of Core Committee members. The process included an open invitation to all Genesys members who were active and volunteered to teach throughout the previous academic year. The committee was formed to bring in change and new perspective to the society for the new academic year.

2. Independence Day

15th August 2021

Genesys celebrated Independence Day virtually with the organizing core committee and about 25 children in attendance. The event began with a welcome song and was followed by a story about our Independence. A quiz about the national symbols and the freedom struggle was also taken up, post which the event ended with a memory game and flag hoisting. Chocolates were also distributed to the children at their homes.

3. Alekh Classes

20th November - 22nd November 2021

"Alekh x Genesys", is an initiative founded by Genesys and The DPS Art Club – Alekh, together to impart students with art skills and have fun! Members of Alekh volunteered to teach basic art and craft to kids who are part of the Genesys initiative. From 20th November, the art club conducted activities like drawing, cartooning, and origami for the students of classes from 3 to 5.

4. Fund Collection Drive

October, 2020

A Fund collection drive was conducted to buy phones for children and make online education accessible to the children whose parents can't afford smartphones. 12 electronic devices and 142 notebooks were donated for the children. It was also inclusive of a phone, Philip (1 BComP) and a tablet (Nagaraj Sir). Trainers were able to observe significant improvements in their performance. The children are taught on a regular basis for building up a better relationship with their mentors. During the academic year 2020-21, 34 children were taught and 88 trainers volunteered to mentor them. Several parents gave feedback thanking the department for their children's improvements.

5. Genesys - session on motivation

June 5, 2021

(Conducted by Mir Sarwar and organized and coordinated by Peddina Sripriya and Aditi Jain)

As students often find it difficult to stay motivated through the most important and career-oriented years of their lives, the pace and magnitude of things soon becomes exhaustive, especially during the pandemic. This being the first session of its kind, was started off with, Mir Sarwar outlining the 5 aspects of staying motivated - time, family, love, respect and money. Not only did the session receive positive responses, it also motivated the students. The session ended on the importance of de-stressing.

6. Genesys x WeJump Collaboration

February 2022 - May 2022

A unique collaboration was born out of the need to upskill and improve digital skills amongst youngsters. The team at WeJump, headed by Prof. Guydeuk Yeon pitched a promising proposal to train Genesys trainers for a 30 hour course ending May 2022 that would entail Website Development, understanding Google Labs and other essential digital skills. Currently 3 committed trainers attend sessions twice a week in pursuit of completing this training course. The trainers would hence be the pioneers in training the kids at Genesys and help them build key skills required for a better future.

CONCLUSION

The entire club would like to convey their heartfelt gratitude to the Department of Professional Studies and Anuradha Ma'am for her continuous support that has made the continuous progress happen. The Genesys team hope to start offline classes as soon as possible but have also been working towards ensuring regularity of classes and more efficiency in the process of teaching to ensure maximum benefit for the children and the Volunteers who have put their time and effort into this initiative.

WE JUMP

WeJump is a social initiative which is conceived with a vision to nurture the dreams and aspirations of those marginalised in society. It aspires to raise a common platform where all stakeholders may share their knowledge and skills with the less privileged. The aim is to connect dreams to the larger society and in this way dreams find a connect with a global audience.

The vision of WeJump is to transform lives of underprivileged children. The motive behind starting wejump is to empower school children in marginalised areas with future ready digital competence to grow as capable and responsible global citizens. Every member of wejump has contributed to this vision in the best way possible.

The major part of WeJump is G-Lab which is a part of our digital academy program where we empower youth from all walks of life to get acquainted with the majorly used Google applications like Google sites, Google slides, Google docs etc., Teachable Machine(Machine Learning), Artificial intelligence is a powerful tool that can used to create animations, illustrations that we wish to emulate in our G-LAB sessions.

THE CHAKKITTAPARA CONSULTANCY PROJECT

This project was started under the guidance Professor Biju Toms.

The Chakkittapara consultancy project was conceived by the School of Commerce, Finance and Accountancy directed towards the objective of Article 43(b) of the Indian Constitution under Directive Principles of State Policy and concerned with contributing towards the promotion, democratic control, and professional management of cooperative societies. The SCFA, under the Dean Dr Tomy K, decided to associate with a cooperative society and to support it in its professional management of the existing services while also introducing new initiatives to reach out for rural development.

Chakkittapara cooperative society in Kerala was selected since it is one of the best cooperative societies with category A rank in banking, agriculture promotion, bank mall, bus services, tourism promotion through solar boat services, etc. SCFA assisted in all activities but primarily in banking, and introduction of an insurance vertical to meet the social security needs and insurance requirements for the Gram panchayat.

In this regard, the developments of the same are chronologically listed below:

1. 21 Jan 2021 - Meeting with Director Board, Chakkittapara service Coop Bank by officials of Christ university under Dr Tomy K.
2. 11 Feb 2021 - Second Meeting with Director board at Chakkittapara with Christ university officials.
3. 6 March 2021 - Meeting of Chakkittapara Director board with Vice Chancellor and other officials of CHRIST at University premises, Bangalore.
4. 10 April 2021 - Seminar for Bank officials and Gram panchayat officials at Chakkittapara.
5. 8 and 9 April 2022 - Two day workshop on Banking and insurance for Director Board members and Employees of Chakkittapara coop Bank.

THE CHAKKITTAPARA CONSULTANCY PROJECT

On 29 April 2022, a football match was conducted between the youth of Chakkittapara and CHRIST university to promote the Pradhan Mantri Khelo India program and also to foster Urban-Rural Youth Exchange.

The primary objective of the association is to bring more professionalism in the rural banking sector for need based credit offtake, managing bad debt under control, promoting crop loans, etc., and augmenting insurance penetration in the gram panchayat to have enhanced social security and adequate insurance coverage. This project is considered to be the first of its kind in the country for social and rural outreach by an Indian university in the cooperative sector.

On 28 December 2021 an MoU was signed to formalise the association.

ALUMNI CONNECT

BLOCK VII

'Once a Christite, Always a Christite' is a philosophy that every graduating student of the University carries in their heart, and it is this that becomes the anthem connecting the Department's alumni and bringing them back to University grounds. This past year, despite the challenges posed by the ongoing pandemic, our alumni continued to work in synergy with the University's fraternity to contribute towards their advancement through various events and fests.

ALUMNI CONCLAVE

A distinctive feature of this year's Cognito was its Alumni Conclave, held on the 30th of April, 2022, which saw the pioneer directors and alumni of Cognito come together to celebrate this wondrous Fest. The Alumni Conclave was graced by the presence of Mr Dilip, 'Jurist' Dr Srikant P., Ms Anusha Upadhyay, Mr Moiz, Mr Prateek Nair, Ms Mahiti Bharathesh, Mr Aditya Banka, Mr Karan Ganna, Mr Pratik Raysoni, Mr Tanay Ravi, Mr Devharsh Toshniwal, Mr Ronak Singhvee, and Mr Prapanjj Kota from the numerous editions of Cognito.

New Introductions SEGMENT VIII

The Department of Professional studies, always strives to give the skills to their students that will help them to conquer the corporate world. The move ahead in this direction, Department has tied up with CPA Australia, to provide an integrated course, which will help students to pursue CPA Australia while completing the bachelors. this is a one of a kind Collaboration, making Christ Deemed to be University to be to provide one of a kind Collaboration. The department also introduced a new course M.A. Public Policy, with the aim to create future policy makers who will be the future leaders.

CHRIST (DEEMED TO BE UNIVERSITY) – CPA AUSTRALIA COLLABORATION

The Department of Professional Studies, CHRIST (Deemed to be University) entered into a collaboration with CPA Australia on 24 February, Thursday. The collaboration was formally announced in a grand event that saw the presence of dignitaries from both sides. Deborah Leung, Executive General Manager, International; Gloria Franco, Credentials and Partnerships Manager; Leslie Leow, General Manager for Emerging markets; Preeti Dang, Business Head, India were the dignitaries from CPA Australia. The Department of Professional Studies boasts of prestigious partnerships from various professional bodies like CIMA, ACCA, ICAI and IFoA among others. Prof Biju Toms, Director, School of Commerce, Finance and Accountancy said, “We are excited to embark on this new pathway that opens up another professional opportunity for our students”

Under this collaboration, students of this programme will be trained and mentored to attempt the CPA Australia professional examinations. This is a one-of-a-kind collaboration where the curriculum of the B COM Finance and Accountancy programme is designed by seamlessly integrating the CPA Australia curriculum enabling students to pursue the CPA Australia qualification.

CHRIST (DEEMED TO BE UNIVERSITY) – CPA AUSTRALIA COLLABORATION

MASTER OF PUBLIC POLICY PROGRAM

Master of Public Policy Program in Christ (Deemed to be University) will enable students to obtain an in-depth understanding of public policy and perform effectively in contemporary political, economic, and social environment in a coherent and comprehensive manner.

The interdisciplinary curriculum equips students to create social impact at local, national, and global levels and prepare for Civil Service examination in India. Students would develop quantitative, qualitative, and analytical skills, and receive substantive exposure to the real-world policy making processes.

POLICY MATTERS

Policy is a dynamic and vibrant discipline, and the platform for its study and applications mirrors this characteristic. In light of this background, the M.A. (Public Policy) course, under the aegis of the Department of Professional Studies, launched its flagship magazine, Policy Matters, in April 2022, as a multidisciplinary platform to ruminate on matters of policy and articulate opinions on the same.

The first edition of this novel publication, themed along the lines of welfarism, revolves around the policies of a welfare state. With public welfare being an enshrined part of the Indian constitution, this issue pauses and analyzes the effectiveness of the country's previous policy decisions, which continue to be relevant in contemporary settings, while also giving thought to predictable outcomes of upcoming policy decisions. Unprecedented incidents, like the onset of the Covid-19 pandemic, have highlighted various loopholes in the existing policy frameworks with avenues like education, health and nutrition, possible poverty alleviation alternatives, and population policies, among others, gaining renewed focus against the prevailing socio-economic backdrop. Policy Matters beautifully presents opinions on some of these issues in concise and well-written articles submitted by authors from the CHRIST fraternity.

CULMINAIRE

Culminnaire 2022, which marked the end of this academic year, was celebrated on 11th May. Culminnaire is an annual event of the Department Of Professional Studies, where the achievements of the department's fraternity are recognised. On this day, students were appreciated for their achievements in professional certifications, academia, sports and extracurricular activities. Some students that served as exemplary leaders and role models who contributed to the society were given a token of gratitude. The academic toppers of every program were also felicitated. The distinguished alumni, learning partners of the university, as well as the guests from corporate and the support staff who were present for the event were commended for their involvement.
